I am only almost through the first story and am in love with Karen Kingsbury and am a big fan of the amazing Sandra Burr! Nobody can beat her as a reader! She reads and creates the characters like magic. I am transported to the lives of each one of the characters and she is so convincing! When the mom or the dad or a little boy or young girl talk... I am picturing them because she makes them so real. I drive almost two hours a day back and forth to work and I am so in love with this writer and the series. I don't dread my drives anymore. My wish would be that all of these books be transferred to MP3 formats and I will definitely keep buying them all! I was a little weary about my purchase because another reviewer said that the last disc was bad and so I sent another and it was also bad (why wouldn't they check first? Seems like a LOT of trouble to go through twice!) I will be so disappointed if that is the case here because I have had one MP3 sent to me twice with both not working and just gave up. But to give less stars for book it's self seems wrong. I am ready to buy every one of her books that are on MP3 format! FIVE stars before I even finish the first one. I am so excited that there are more. This first book about redemption is so well written. It takes you through each character's perspective as it introduces future main characters and has me hooked. Every time I get into my car I am excited now! It is like looking forward to a favorite show in my head each time I drive to and from work and on longer trips, I don't dread them anymore. This story has already blessed me. It is not contrived at all. I kept jumping back and forth feeling frustrated with Kari's decision and it shows how you are blessed when you follow God's leading but that it's not as easy as some formula, this story weaves in and out of your heart like a fine tuned instrument. I totally recommend it! If you are tired of reading about every move your favorite characters make in bed and in vivid detail you will find this writing refreshing. There still is plenty of passion but with class

and taste. I will be back to update and tell you if the last disc works... even if it doesn't for the price four books is a great deal!

I ordered these for my mom for Mother's day and the last disc wouldn't work so sent a replacement we got it today and same thing the last disc won't work so now we are getting a refund my mom is disappointed

If you have not had a chance to read or listen to the Redemption Series by Karen...this is the one you need to get. As other reviewers have mentioned though, the audio is abridged and that might pose a problem for some. I had read the books first and so I was able to follow what was going on. Though I still would not discount the CD series. Karen's writing is a blessing and encouragement. In this series she follows the multi-generational family of the Baxters. Through the story, you come to see a family that deals with real issues and conflict and pain and misunderstandings. Sometimes in Christian fiction, you don't get that honesty. For me, Karen was able to draw me into each character that I felt like I knew the family very well. They were a diverse group of family members. I just did not want the story to end. I re-read the series twice and then purchased these CDs. I ended up donating them to our local library as I wanted to share this story with people who are looking for good writing that is not filled with violence and sex. It is refreshing to find such an author.

I read this series and then purchased the audio version to listen to with my children in the car. I was so disappointed that it was NOT unabridged. I found myself again and again stopping the CD to explain what had happened. . .they would ask how one character got from here-to-there. . .I just don't like books that are not unabridged and I didn't see clearly anywhere in the product description online that I was only going to get the condensed version. I would just ask to make this more clear in the future.

I have read all of these books by Karen Kingsbury and I cannot recommend them enough. I bought this audio version for my mom to use in the car while traveling. She loved the stories, too, but chuckled a bit at the narration sometimes. If you like to get lost in a story and feel like you know the characters so well you'd call them up for a coffee date...these are the beginning series of many, many more from Karen. You'll not be disappointed! Blessings and happy reading!

I love Karen Kingsbury books. The Baxter family seems so real. Anybody that wants to read books

that seems so real I would recommend any of Karen books. She is a great author.

Purchased this for my 88 yr. old mother-in-law who cannot see. She went thru the entire series in 1 1/2 days. She said the stories were really great & liked the way they were all put together. Already sent her another series. She's sharp as a tack & loves the Lord so what better way to fill her day than to listen to Christian based CD's!

So disappointed! I LOVE Karen Kingsbury and audio CDs. The problem with this set is that it is ABRIDGED! I did not read the fine print. Believe me TOO much is left out of the audio version. I listen on my way to work and then read a chapter or two if I have time when I get home! WOW ... I just stopped listening and will return them. Will always make sure I never, ever get abridged again!
