Customer Reviews

The book is intended for housewives and those who like to cook deliciously. You will not regret if you buy this book. Here you will find everything you need. This is a huge number of dishes for all

seasons of the year. To each recipe there is an instruction and also the proportions of the ingredients. I'm pleased with the purchase.

i loved how it gives one recipe for each day of the year. I don't have time to do slow cooking daily, but it comes handy to find a new recipe to do each time. They are tasty too!

Delicious recipes! very easy to follow the step how to cook healthy foods.. many interesting food...

Because I had expressed my interest, I was sent this book by the author so I could give my opinion. I was not obliged to write a favourable review, or even any review at all. The opinions expressed are strictly my own. If you're willing to invest some upfront time and effort, this is a nice cookbook. Many who use crockpots/slow cookers, of course, want convenience and minimal preparation. This cookbook is not for such people. It's very detailed and it takes time to make some great meals. But I think it's worth the work. Very good book, after all.

This book is available to make you zero to hero within few days and its about slow cooker. This book has been illustrated well and the written recipes are very simple and easy to prepare because these recipes doesn't require various of ingredients but through short things you can prepare your recipes perfectly. This is the best book.

Gotta be my most treasured cookbook among the rest. Worth the money, it is. From simple to fancy dishes that'll satisfy us for a year. The cover alone's enticing. And the inside? Well, the inside contains dishes that'll make you go straight home and wait for your mom's healthy but yummy treats and meals!

I love taste of home cooked recipes, and love this Slow Cooker cookbook that you can serve to your family throughout the year. Thank you for the fast and excellent service. Thanks for my mom who purchase this book. I also love the cover and the paper they uses.

Great healthy and nutritious recipes! I have only tried a few recipes so far but the tastes are unique and wonderful. All instructions are easy to follow. Also, the ingredients that you will need is affordable too. You will enjoyed the huge variety of recipes in this book. I'm excited to try them all.
