Customer Reviews

Its a shame that this well written and comprehensive guide book doesn't cover the remainder of this little country as it does such an EXCELLENT job of covering the central region

concise, compact, handy book

the info in this guide appears to be excellent, but the print is so tiny I can barely read it. It makes it more difficult to use than I like, and wouldn't mind carrying around a slightly bigger book that I could read more easily.

Helpful tourist book of Beirut.
