This was 'educational' ten years ago - but now you can bing-search it all instantly. Might be worth having as an historical archive

This was a great gift for a parent, who tries to use to slang to pass the time and be funny. I wouldn't buy this for myself, when the site exists and is free.

This is a funny book that will have you laughing anytime. If you need to keep up with the younger generation, this is the book for you. Package arrived on time and in great shape. I would recommend this product and company anytime.

A good read for old time sakes !!

This is pretty funny. a lot of these we were not aware of and for good reason! Definitely for adults. Good for sharing a laugh.

A lot of the definitions seemed the same or too focused on affairs and other innapropriate topics. I know this is innapropriate comedy, but what happened to all the funny celebrity definitions and tv show/movie themed definitions?

My husband and I faithfully listen to Christy the Wordsmith on our NPR station each morning. She cited this dictionary in such a way I knew I had to get it. It is fun here in Wyoming with few urban streets to check out the language.

it very good urban dictionary for those who wants to learn american phrases.
