# Revolutionary (Athena Lee Chronicles Book 4)

## Synopsis

Athena Lee had returned home to her planet of birth. She is home to visit the family she has not seen for over 16 years. Her ship the James Cook is there to repair damage caused by the O'Malley pirates. She finds that her once peaceful agrarian world is overrun with corruption and graft. Her own family is wrapped up in a daily power play for control of the planet and its resources. What was a nice family visit has become a trial of wills. What about the marriage they arranged for her? Oh Hell No! This engineer now has to fight her own family to survive. A reckoning is approaching will she be ready for it?

## Customer Reviews

The series finally starts to develop some depth. Athena's father is a bit too overbearing and unsympathetic (he gets even worse later in series) . But he rises to the challenge of fighting back against stupid, corrupt off world officials. A rebellion spark starts on Athena's home planet. Not clear what their vision of what they want to replace government with but very clear what they are rebelling against. This is the type of rebellion that can be taking over by a well organized sub group with their

own agenda (ie Bolsheviks). The peoples rebellion would have just led to a massacre against the government's guns if not for the local militia and their contingency plans. Athena and other space navy members sympathetic to the rebels cause add their space ship to the rebel forces. Mutineers or patriots? So far they are just reacting to being abused. Where does it go next?

This is a good series. The books are a bit short and there are some editing issues but overall very much worth the read. I enjoy the change from the more typical "captain" to an engineer's protagonist. I am definitely continuing with this series.

Very chaotic and disappointing book. The "Battle" scenes were so chopped up and confusing there was essentially no build up of tension, and the ending was anti-climactic. The editing misses make it impossible to stay "into" the story. Kept doing a lot of mental head banging at the tenses jumping back and forth from present tense to past tense. The commas are distributed widely and incorrectly. It's just really disappointing.

The plot moved along fast enough to keep my attention. As much detail as needed to give the main characters some depth. Abysmal number of typos and flat out misspellings. Some of us who read this stuff actually are quite literate and we notice and wince.

I read the entire series, back to back - an excellent read, a little intense, and some humor, especially with Wilson's references to current day culture...

Good story. Imaginative. Fire your editor. There are so many errors I lost count. At least 1 spelling error, misuse of words (homonyms), wrong words, and grammatical error on each page. This makes an otherwise good story a difficult read. Please refund my money.

Some great story ideas that a competent writer might have spun a story around.

Amazing how things keep happening, but Athena and Wilson manage to rise to the challenge! Can't wait to see what happens next!
