## Customer Reviews

good books to help explain body parts to family members

Came like brand new and I bought it used! This is a good book to help you learn the terms and locations hands on.

clear concise and an excellent way to learn anatomy! I may even buy it again for review! Im sure you will love it also.

A few pages are colored in and a couple pages have anatomy vocabulary written in. Barely used and little wear on corners. Is very useful for studying. Good for scanning multiple copies for studying.
