Customer Reviews

"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." - Chicago Tribune
"The best option | Color photos, maps, and diagrams bring the place to life." - The Philadelphia Inquirer --This text refers to the Flexibound edition.

I use DK Eyewitness guides for all my vacations and I love them. Wouldn't dream of going without one. Pair it with a pocket guide to any major city you're planning on including and you're "golden".

Oh, and if you're traveling abroad, be polite and practice a few practical words & phrases that can be found near the back of your DK Eyewitness. Such as ... Yes, No, Please, Thank you, Where is the bathroom? What time is it? Reconciliation/cheque please, etc. Your host country will appreciate your effort in attempting the simpler language tasks and you'll be a better traveler for it. BTW Belgium is GREAT! Best abbey beer on the planet. Chocolate so good it's indecent. People are wonderfully laid back. Nature abounds. Cuberdons are the bashiznit, no lie, stock up. Do eat the waffles w/chocolate sauce at La Citadelle restaurant in Dinant. Do fondue somewhere, yummmm.

As with all DK books I have used, this one proved again the excellence of the travel book series. The information provided by the book allowed for a very informed visit through Belgium a few months ago. The information on points of interest, culture, shopping, especially museums proved very helpful in planing and taking advantage of available time. Also, the graphics were superb and played a significant role in helping to get a good sense of a site before a visit. I highly recommend this book to a prospective traveler to Belgium.

We always buy one of this series before going to Europe--for the pictures.

To me every time I have gotten a DK Eyewitness travel guide, I have found it the best-- great color illustrations and advice. The only thing I would like more is the frankness found in books by Rick Steves.

We really like the DK books for travel preparation. Great illustrations and informative text. A "must have" for anyone traveling to Europe.

A great travel book. DK guides are always excellent. I highly recommend them to any traveler that wants specific information on any city or location.

I like this series of books. good information in easy format. good pictures

I use to always buy these guides when I need one. They are wonderful, with a plenty of maps and illustrations.
