I buy this book for friends going through a rough time. I have one and never want to lend it out. Makes a great gift for someone going through job loss, divorce, mourning etc.

I thought this was just going to be a "page a day" feel better book like her "instant HAPPY" book, so I never looked inside or checked the reviews, I just ordered it. I got so much more than I could have expected. This book has quotes, tips, ideas to get you back on track and off the couch or out of the bed and the author even shares part of her story! A great book for those who just can't seem to get on to their new normal.

This book gives insight into what one experiences during hardships. It also explains reasons for getting stuck during hardships. Then the reader is given explanation, examples concerning the reasons this time is challenging. Through Bounce back assignments and insight, this book assists with gaining personal strength and assisting positive growth thoughts. It is an excellent book.

I have one and love it so I bought it for my friend (she loves it as well) It is awesome for people facing tough times in life. Easy to read and very uplifting, I would highly recommend this book!

I sent this book to a young man, who's in the Navy and going thru a divorce. Short reminders and help to "bounce back".

Good information--though basically a lot of common sense-type suggestions; nothing really new or noteworthy here for me. Chapters are all very short and capsulated which, for me, didn't dig deep enough to really solidify the point(s) addressed. That said, for those looking for a book that can be picked up and opened to any page for a 2 minute or less general pick-me-up sort of message, this book hits the mark.

The Bounce Back book was amazing in helping me deal with a bad breakup. I use the recommended tools every day. It's been an easier transition. And I'm glad I'm moving forward in a more positive and happy way. Thanks so much!

I have bought this multiple times for grieving friends and have received feedback on how helpful it was for them. Highly recommended!!
