RIGID (Biker MC Romance Book 4)

Synopsis

WARNING: Single HOT biker dad alert! This stand alone, no cliff hanger, erotic romance has an HEA, and will set your Kindle ablaze. Have a free hand, as this is a certified one-handed read. SANDY - Grayson "Smokey" Wallace was a biker who was handsome, intelligent, ridiculously sexy, and a single dad. His swagger alone melted me into a puddle the night we met. There was only one problem, he didn't do relationships. Knowing that tidbit of information beforehand was nice. It allowed me to get what I wanted from him and go on my merry way. My plan, however didn't work. Not. At. All. SMOKEY - The night I met Sandy I was after one thing and one thing only. Sex. There's only one member of the opposite sex who I've ever cared about - my daughter. And, I knew that would never change. Or so I thought. Walking away isn't always as easy as one might think. RIGID is a stand-alone erotic romance with NO CHEATING, no sex outside the relationship, no cliffhanger, and it has the happiest of HEAs. The hero is a Hot single father and the heroine is not a doormat. Yes, you will enjoy this book. No, you will not get any sleep. Yes, you must have a free hand to read this novel. No, you do not need to read any other books to understand this one fully. WARNING: This novel will set your Kindle ablaze. It is a certified one-handed read.

Customer Reviews

Holy S&T Batman...I absolutely without a doubt loved this book!!!! Sandy, Smokey and Eddie buried themselves in my heart. This story is well rounded, and executed perfectly. Scott is known for his down right dirty sex scenes and biker bad a\$\$ language. But he's written characters that go so far beyond that, that nothing I write will do them justice. Sandy thought her life needed to happen in a certain order, her plan. But she soon realized she could have everything she ever dreamed of, if she let go of her plan. Order was not what was making her future. Love, family and home made her future... Smokey's life consisted of being a bad a\$\$ biker with the FFMC. The sun rises and sets with his daughter Eddie. Her well being was his life's goal. Every decision, thought, action was with Ed in mind. He kept women away, but fell into a situation that couldn't if ended up any better for all involved. Eddie is a sassy 17 year old that loves her father more than anything. She's always wanted a mother and a sister, but never told her dad. In meeting Sandy she loves her instantly. A bond is formed without even trying. In one night Eddie's life changes drastically. Some for the worse more for the better. Sandy saves Eddie's life and the part Eddie focuses on... the fact that Sandy called her, her daughter. Life falls into place, and all three people involved get exactly what they want and them some. Yes this is a sexy book, but more than that... it's a story about home, family and love... and maybe not in that order ;)

Another great from Scott Hildreth!! Needing a hot and sexy biker romance, look no further! Not only is this a story of sexual spark, but is also a romance filled with emotion. You might shed some tears, laugh out loud and need to grab your partner or alone time during this read. Some of the most tender moments are between Smokey and his daughter that he has raised on his own since her birth and it gives the reader a chance to learn more about him beyond the tough exterior. Easily read as a stand alone, fans of the series will love seeing more of familiar characters and learn a little more about more of the MC family.

This book takes us once again to the FFMC. This is Smokey's story. It's a nice switch up for this author. We get a little bit of the MC life but mostly we get a great, steamy, love story. Smokey is a single dad and because of that has kept women and relationships out of his life. He protects his daughter at all costs. I am a sucker for single parent books so know that this one ranks right up there. Loved the relationship between Smokey and Eddie. She is a beautiful young

woman and that all reflects on his parenting of her. Sandy starts out as a fling. Smokey acts his usual bada\$\$ self-- trying to put her off. Sandy can be full of sass herself and that causes Smokey to pause a moment. Life happens and Smokey steps up to offer Sandy a chance at a relationship. The whole family dynamic made this book worth the read. The highlight of the book was P-nut though. The man is absolute crazy but his people get him. I almost don't want to see him get an HEA because his friendship and play with the other brothers makes him so unique. I would love a jump ahead to see how Eddie ends up. Great read once again from this author!

Wiping the HAPPY tears & closing book Ok, I am going to try and do this story justice. RIGID by Scott Hildreth is the fourth book in the Biker MC Romance series and WOW; this novel has elevated the Filthy F*ckers to a whole new level in MUST READ RIGHT NOW!!! The complexity that this author has put into his characters makes this reader want to not simply read the story but has me greedy to discover who, what, and why these characters are the way they are. Characters that have depth and weight- checkLet's start with the open scene. Here is a quote: "Handcuffed to the underside of a steel table and covered in a stranger's blood wasn't how I ever expected to spend a Saturday night, but it was the position I had somehow gotten myself into. HELLO---the prologue had me on the edge of my seat. I am not talking about simply wanting to know what happened, I am saying I HAD TO KNOW WHAT HAPPENED!!!! Grabs you from the very first page- check Sandy and Smokey are the lead characters and I am not going to give too much away, because you MUST read to learn the details of their journey. But I will tell you that for this reader, I loved and appreciated the vulnerability and at the same time strength that these characters portrayed. Each of these individuals were faced with situations that they could have run from but they did not, they faced their fears. And they did it beautifully together. Below quote is one example: "I rested my head on his shoulder, uncertain of why I was so emotional. As his hands began to softly rub my back, I realized, at least for that moment, that I wasn't alone. (see picture) Beautiful love story- check CLAPPING There were two secondary characters that added so many wonderful elements to this story the first I will mention is Eddie, this character was amazing, and wise beyond her years. A heart-warming reflection of what love can create. Girl Power- check "If you brought her here based on your best judgment, and then things went to crap, it wouldn't be because you did anything wrong. It just mean she wasn't able to see what an awesome guy you are. So, we'd both be hurt, but you more than me. Second character that MUST be

mentioned is Percy, or P-Nut to his brothers. OMG!!!! This character was a scene-stealer; so much so that I feel that Mr. Hildreth may have a riot on his hands if a book is not created for this character. Below is one example of the crazy thought process that makes up P-Nut. Hilarious humor-check! Listen carefully. Gotta respect a bitch that'll carry her own boxes. That, my friend, is giving a bitch much needed respect. Hey, bitch, get away from my bike. That, my friend, is calling a bitch, a bitch. ~ P-Nut So overall I can call this novel nothing but an OUTSTANDING SUCCESS!!!! Mr. Hildreth did an amazing job in this ride and as readers allowed us to tag along. I have such a warm and hopeful feeling in my heart after finishing this novel, and at the same time my greedy self wants more. BWAHAHAHAHA! I cannot wait to see what is next. THE BEST IS YET TO COME. That is it that is all I got.
