Joyce Meyer delivers a thought-provoking and inspiring book about motherhood that encourages a positive attitude to believe in faith and yourself, as you engage through this challenging journey. In the author's Introduction, she discusses the importance of staying focused, being confident, and how to be strong. Joyce Meyer's presentation of the journey through motherhood guides the reader in the right direction, as she highlights crucial factors that influence the challenges we face, how we deal with them, and how our choices affect our lives. The author discusses insecurity, and how this can rob us of joy, and other consequences. She also points out how we can gain back our confidence with assurance, how worrying about what we can't do is a no-no, and why a positive way of thinking makes this journey one of pleasure, and rewards. In addition, the author encourages and inspires with truths from God's word to be confident, why we should separate your who from your do, and the importance of rejoicing. Joyce Meyer also discusses flaws and mistakes, why perfection can harm, and having what it takes to be the best we can be. Most important, the author shares her thoughts about fear, blame, and learning how real people deal with the real world. In conclusion, Joyce Meyer guides us with motivation that God will help us to succeed as a mom and fulfill his plans through you, not because you are perfect, but because he is. The delightful pages within this book are beautifully written, and filled with inspiration and spiritual guidance, as we regain our confidence not only to help ourselves, but also to have the inner strength to help others. Highly recommended for all parents, and moms-to-be!

This is an awesome book by Joyce Meyer, I love her approach, reminding us that we don't have to be perfect but the best thing we as Moms can do for our families is seek and spend time with God, not as a ritual or duty to Him but for our benefit. It is however, important to remember that we have to want to do this, it's not a quick fix, it takes time and commitment, and submitting every area of our lives to the Will of God. Joyce Meyer is an incredible teacher of the Word, she's relatable, not afraid to talk about her imperfections, she's knows the Word and makes it practical, applicable to everyday lifer. I thank God for Joyce Meyer and her ministry.

I just start reading joyce's book and this book is very helpful as a mom in raising a child who love Jesus at a very young age (2 1/2 yo). I definitely recommend this book.. full of information, examples and promises of God

I really enjoyed this book Joyce Meyer is not writing from some idealistic platform, she has been through many of the same struggles that I and I am sure most other moms have been through. For me, she brought the Bible into focus. I was able to hear what I needed to hear in relation to being a wife and mother to 3 kids (8 year old boy and 6 year old boy/girl twins). Joyce knows that you will not always be the perfect mom and that is okay. I learned not to be so hard on myself and found encouragement I did not know I needed. I bought this for my Kindle but it is one that I am considering buying in hard cover too!

As a Mom-to-be, this book was recommended to me. I couldn't be happier with the encouragement that this book offers. As a Mom that works full time outside of the home, I definitely found confidence in doing so and raising my children in the way that they should go-- focused on God!

It took me a while to finish this book because of being a mom and all that comes with the responsibility. I learned that I don't have to do everything perfect to be a confident Mom and that I won't always get it right, but if I do my work as unto the Lord and raising my kids is my most important job. God will still be pleased with me

Great author!

This is such a wonderful book! I encourage any momma out there to take the time to read this gem. It sends such an uplifting message to women about family, God and life in general. I will keep this on my bookshelf and lend it out as a highly recommended book. If you love Joyce Meyer she doesn't disappoint and if you haven't read Joyce's books before this is a good one to read!
