Java: Guide To Borobudur & Prambanan Temples (2017 Indonesia Travel Guide)

Synopsis

RECENTLY UPDATED FOR 2017! With more than 100 high-resolution images and insightful descriptions that put the temples in context, this is the definitive travel guide to Java's temples: Borobudur and Prambanan. Java is home to two of the most impressive temples in all of southeast Asia: Buddhist Borobudur and Hindu Prambanan. Borobudur (built 760-830) rises gradually in a series of majestic tiers, a testament to its stupa-mound inspiration; while Prambanan (built 850-856) soars vertically, drawing on south Indian temple prototypes. Both inspire with their innovative architectural designs, world-class narrative reliefs and compelling sculptures. Still infused with their historical magic, they are yours to discover.

What's in this guidebook* Art and architecture review. We provide an overview of 800 years of Javanese art and architecture, isolating trademark features that you will see again and again while touring temples in central and east Java. Customer Reviews

Unlike any other guidebook on the market, this richly detailed, yet concise and clear, Kindle book gives you invaluable information to make the most of your visits to these sacred Buddhist and Hindu temple sites of central Java near Yogyakarta. Filled with photographs of specific highlights such as the top 10 frieze panels at both Borodudur and the Shiva temple of Prambanan and helpful maps and diagrams, the updated 2016 version provides detailed information without being overwhelming or obscure. Borobudar is the largest Buddhist temple in the world and was completed in 842. The book also contains background architectural and historical information as well as brief comments about the dozen surrounding temples and others in eastern Java. On my May 2016 visit to this area, I found their highlight recommendations marked by an asterisk to be spot on. This Kindle book is easily carried to the sites for easy reference, and purchasers can receive free updates if you turn this feature on in their account. Finally, there are practical travel tips such as the 4:30am sunrise entrance to Borobudar offered by a hotel right on the temple grounds. Your visits will be greatly enhanced with this guide in hand!

this show you how a digital format book could save a lot of searching for information while on premises. It is short but accurate. take it with while travelling through the island of Java. this is a must
