Customer Reviews

My 22 month old granddaughter loves this book. This pictures are bright and easily catch a toddlers attention. The narration is short and not too much for an impatient toddler who wants to turn the page. I've bought several of the books in this series. She loves them all!

My daughter really likes this book, but I fear it has only taught her how to put off going to bed.

Time for bed fun book to read but be prepared to read it more than once or twice. Cute funny.

my kids love it

My grandkids love these bird books

This is a great bedtime book for kiddos! Its humorous but yet very cute! I purchased this book to read to my unborn baby, who also seems to have trouble falling asleep at night :)

This reminds me of nights at our house. Only it's funny when it is someone else. "Why is there a minimum of words ? Dumb.

This has been the best book I have purchased for my kids ever. They love it and never get tired of hearing it, though it helps them get to bed faster. I love it too.
