This book pretty much eliminates that trip. The spices used most oft in this cookbook are easy to find: coriander seeds, cumin seeds, fresh & dried chilies, mustard seeds, garlic, ginger, and fresh coriander leaves. If you love Indian and actually would like it to be healthy for you then try this book out.

A well balanced book. A lot of important information has been gathered in this book. I was actually impressed by how much useful information is squeezed in such a short book. Author has described every single thing very clearly with some proper explanations. Such an excellent book. Highly recommended.

This was a perfect gift for my friend who loves Indian food and the recipes are very simple to cook unlike many other more complicated Indian recipe books. It introduced us to a wonderful new cuisine and Perfect book to teach me how to cook Indian food.
