Grade Level: Preschool and up

Customer Reviews

My 6 month old is absolutely in love with "Little Fish." It has a better story and rhyme than some of the other titles in this series and we could not live without it around here. It is sturdy, but easy for my 6 month old to handle by himself and sometimes is the only thing that makes him happy when teething strikes. So glad we found this book.

Great book for little ones.

My baby enjoyed this book. It's a nice timepass.

My baby daughter loves it!

I love the finger hole that is used to make the fish swim, perfect for the very young child.

My granddaughter loves this book. She is 6.5 months old and loves to grab the fish as I read the story. The story is simple enough that she stays focus for the whole book. On some days we add our own words to the story as we read it so that we can enjoy the book longer.

Simple contrasting colors great for young babies from 2 months, mine loves it

This short, sweet book is a must for little ones. My granddaughter (10 months old) enjoys having this book read to her. She tries to catch the fish to put in her mouth!! I recommend any parent or grandparent get this for their precious little one.
