This is a simple yet thorough intro to Hindi, with very good alphabet, grammar and vocabulary lessons, and few of the typos and mistakes that plague other Hindi introductions. I would like to see a little more conversational emphasis, but otherwise this is excellent.

I have travel a number of times in India, this pocket size booklet is great to have on you

My 8-year old is learning quite a lot from this book. I also thoroughly enjoyed reading this book. Great for understanding Hindi expressions, grammar and language. Overall, this pocket book is small but powerful and is the important if you are planning a trip to India.

Fairly straight forward format. Can be a bit confusing at first with the different phonetic transcriptions and options, but once I practiced a few times, it became easier. I think it's a good book to toss into the backpack.

This was a huge help in India. We had lots of laughs as we stumbled though Hindi with our taxi drivers!

I am still looking for a better book & Guide.

Have ben learning so much!!

Great book for review of the Hindi language! Would have liked the addition of a CD though. Basic
