Singapore History: Precolonial Era, The Society And Its Environment, The Economy, Government

Synopsis

Singapore Economy, Singapore business investment, Singapore Government, Singapore culture and art, Singapore tradition, Singapore travel, early history of Singapore. Singapore is Located astride the sea routes between China and India, from ancient times the Malay Archipelago served as an entrepôt, supply point, and rendezvous for the sea traders of the kingdoms and empires of the Asian mainland and the Indian subcontinent. The trade winds of the South China Sea brought Chinese junks laden with silks, damasks, porcelain, pottery, and iron to seaports that flourished on the Malay Peninsula and the islands of Sumatra and Java. There they met with Indian and Arab ships, brought by the monsoons of the Indian Ocean, carrying cotton textiles, Venetian glass, incense, and metalware. Fleets of swift prahu (interisland craft) supplied fish, fruit, and rice from Java and pepper and spices from the Moluccas in the eastern part of the archipelago. All who came brought not only their trade goods but also their cultures, languages, religions, and technologies for exchange in the bazaars of this great crossroads.
