Customer Reviews

This is a Good Bible for the price. This Bible is made to lay open and flat, which is nice. The print is nice, big and clear. Not as dark of print as some more expensive large print Bibles, but perfectly fine. As with most Bibles, you will be able to see the print from the other side of the page, but it is not that obvious. The thumb tabs are helpful, but the pages where the tabs do stick to the next pages and need to be gently loosened. I think this has to do with how the page were cut so you can see and read the tabs. What needs to be improved is the placement of the book names. They are not on the page corners like most Bibles. So, as you're flipping through, you don't see the book names. The book names are centered instead. There is a list of Bible books in the beginning and a yearly reading plan, and a "verse finder" in the back. The verse finder is topical, but not like what

you would think. It is more for inspiration and not for looking up specific verses by a word search. Meaning, if you want to look at a few versions to inspire you when "you are feeling..." or "what the Bible says about...", then the verse finder will list several verses to look up on basic topics. Those expecting a true concordance will be disappointed in this shortcut. I have Bibles that are no thicker than have a true, if condensed, concordance. I see very little use in it as I have a verse finder book that is more helpful. There are basic chapter headings. There are no notes, which was expected. The margins are narrow so not much room for writing, but again that was expected. The lines have sufficient margins for comfortable reading. As another review noted, there is no page to write your name. The cover is of excellent quality and the material itself is probably the best feature of this Bible. The cover is glued on to the Bible. The pages are glue bound. Time will tell how they will last. The packaging, by the way, is clear plastic - no gift box. There is a removable, thick paper wrap on the back cover that lists the features of the Bible. There is no mention of the cover material being made in Italy in the Bible itself. It is, however printed in China, a country that has a terrible history of abusing Christians. A decent Bible for the money.

What a beautiful Bible! It opens easily and lays flat. The print is easy to read, and has a thumb index. A real time saver. The cover is beautifully engraved and looks expensive. It's the KJV which, for me, makes me feel right there. The words of Jesus are NOT in red. This is a plus, since words in red are tough to read in poor light.

Good company to work with (Veritas Gifts). They replaced my Bible without hesitation because of a defect in the binding. Review: The print is nice, big and clear. There are basic chapter headings. Do not expect Scofield quality headings. There are no notes, which was expected. The margins are narrow so not much room for writing, but again that was expected. The cover is of excellent quality and the material itself is probably the best feature of this Bible. The cover is glued on to the Bible. It is printed in China, a country that has a terrible history of abusing Christians and very little human rights. All in all, a decent Bible for reading and serves my purposes fine.

The print is not large as is regular large print books. It is actually normal size printing for a book. But Bibles usually have tiny print, so comparatively speaking, this is large print. Very nice cover. Nice dark print.

This is a beautiful Bible but even though it is listed as large print and the outside paper wrapper says large print, it is NOT large print. So dissatisfied.

I love reading with this version. The fonts were in good size. Thumb indexed. I love to hold it and read. It is such a good feeling. Praise Jesus for giving it to me in a good rate. Thanks for and the seller to send it in good speed delivery.

This is my first bible and I really like it. Print could be a little bigger but I can read it just fine and I am near sighted with vision in only one eye due to an accident. I do read this at home and take it with me when I go to church 2 to 3 times a week. Looks nice for the price I paid for it. Pages are thin so you could see light through them. It is light weight and seems pretty sturdy. Overall I like this bible. Plus my girlfriend likes it too.

The review stated that this was extra large print, it's not. This is 2nd one I have ordered. The 1st ordered was returned because of same reason. It's getting very disappointing.
