The paperback version of this spare book is under 70 pages in its entirety, smaller than a Kindle! Whether as an e-book or in printed format, this book should be a take-along and well used. I bought the printed book and have done a one week trip to Vienna with its guidance so I can say matter of fact that the book takes up no space to speak of, weighs next to nothing, and is packed full of useful details. It instructs the prospective traveler, then gets into the points of interest and provides a solid vehicle for planning a multi-day stay in beautiful Vienna. I found the lodging and dining suggestions spot on, all location details accurate, and the itinerary plans completely beneficial.

I needed desperately a break so I booked my tickets to Vienna! My friends have been three times there and they literally sold the city to me! The reason I prefer these 5-day guides on Kindle is that they are to the point. Not too much bluff. To be honest, I don't have too much time to read the Lonely Planet 400 pages on Vienna. If I wanted to do that, I would waste my 5 days that my employer allows me! On the contrary, these guides take you straight to the meat of the things. You can find bar, restaurant, club recommendations in the book! All very organised without too much narration! I have also added my email to their mailing list as they give away \$100 monthly prizes!! Give it to me guys!!!!

Everything you need about Vienna, Austria is found in this book if you are planning a tour in this historical country of Europe. This book has compiled addresses, telephone numbers and websites

of the most interesting places to visit in Vienna, Austria. It has also offered places to stay from budget hotels to luxury ones depending on your budget. And it also contains the addresses, telephone numbers and websites of such hotels. For me, I find the 5-day tour itinerary presented in this book very appropriate for my future visit in this culture-rich country. This is truly a comprehensive guide in visiting Vienna, Austria.

I like how the book was written. Personally, I always travel on a budget. It's interesting that the author wrote the book in a format which gives you an option of different budget friendly hotels and also budget friendly tours. It also shows accurate contact details, addresses, websites, and other info about the places. Not long info just a short one. There are also a lot of tips like take a picture of your travel documents in case it gets stolen or you lose them, Simple things but always a good thing to remember. The best thing about this book is that at the last page. It has a link to cheap flights LOL. Buying other books as well :D

Vienna is known as "The City of Dreams". It is my dream tourist destination as well. But, I was not sure how to start and how many days will be required for visit to Vienna. This book helped me to plan my travel carefully and familiarize myself with all important all important places. What makes this book different from other travel guide is that it contains tips about the basic requirements before starting our travel, like details on Passport, Visa, health care during travel. I appreciate author for including some German phrases in the book which can be used in emergencies.

A good cup of coffee in the city of music, you can't go wrong with that. I have heard a lot about Vienna, but it's only now that I was able to get a clearer image of how beautiful it is. I think it is a very ideal place to visit whether you are into relaxation, romance, music, arts, food, wine, coffee and history. If Vienna is your next travel destination, get good guidance from this book. From it, you will be able to get good information about travelling, from passport to visa, 5 days itinerary in Vienna, from eats to nightlife, budget travels and many more.

Each and every page is prompt with loads of links, information which is great! Not to mention 5 day planned trip that I can follow if I wish to do so, plus the fact that the book provides info for the budget and luxury traveler is a bonus. With the links there is no need to go and Google endlessly for accommodation, restaurants and tourist sites. I am looking forward to read more about the tradition of the variety of egg dishes that they serve in the mornings, Joma is the recommended street cafe

with a interesting menu.

If you want to get the basics is a good and fast readmitir, good info on Food and restaurante, enjoy
