Thrasher magazine, described by many as the skateboarder's Bible, covers the sport/art/lifestyle that revolves around a board with four wheels. Since their humble beginnings with a big tabloid-sized first issue in January 1981, Thrasher has now been in publication for more than twenty years. The staff is dedicated to keeping up-to-date with skateboarding's continual evolution and the adventurous spirit of their readership.

It just so happens my elementary school carried one book on the subject of skateboarding back in the fourth grade. I recently stumbled across this book again here, and bought it right away.

Everything in this book is as gnarly as I can remember from all those years ago, definitely worth it.

Thrasher never fails to deliver, and this book proves just that. Get sucked right into the pavement grinding excitement. Chock full of great photos and snippets. You'll see some familiar faces and some awesome terrain you only dreamed of thrashing!

This book has some of the best photography in the skate world, and it proves it when it gets opened.. BANG! this book will melt your eyes with epic terrain to skate or dream of skating..

A must have book for your living room coffee table collection.I do not like how Jay Adams was thrown out there in this book,and the controversy over Dusto and the pipe Salba got busted in is bogus BS,but aside from that,this book is WELL worth the \$20 bucks for a crisp,clean and new copy.If you are a skater for life,you must own this.Purchase this,and if you don't have the spending gitas,get your girlfriend or mom to buy it!AWESOME BOOK!!!

Thrasher:Insane terrain is an awesome book with great pictures and information. To all skaters i recommend this book you will enjoy it. To all non-skaters play thrasher skate and destroy that is also awesome. Thrasher this book is truly a compliment to ourselves as a pioneer of the skating revolution. GREAT BOOK!!!!If u dont read it you are truly missing out it was worth every cent.

I hope the 25 year anniversary book is better, the cover of it looks promising enough with Jay Adams and the classic Skate & Destroy motto I live by across the front, but this one is b o r i n g.
