Hard Job: Reightman & Bailey Book Two (Volume 2)

Synopsis

In this second Reightman & Bailey thriller, Detective Melba Reightman is distraught over the murder of her friend and partner, Sam Jackson. The Guzman murder case has been closed, but she knows the real killer is still out there somewhere. Toby Bailey's discovery of a set of incriminating photos proved there were more people involved in Geri Guzman's death than just Dr. Lieberman, but getting anyone to listen is more of a challenge than she'd ever imagined. She's going to need help convincing the power's that be that the case needs to be reopened, but she'll find a way to do it. It's the only choice she has if she wants to discover who's behind it all. Toby's still struggling with Geri's death and the shock of having been the target of a hitman. Detective Jackson took the bullet meant for him and saved his life, but he doesn't understand how things could have gone so very wrong. No one should have known about the evidence Geri left him, but it's the only explanation that makes any sense. He has a hunch things are only going to get worse, and he'll have to pull up his pants and get on with whatever needs to be done to help Detective Reightman figure things out. And as for John Brown? He's just worried he won't get paid after botching the hit on Toby, and can't help wondering what will happen next. It wasn't really his fault. Mistakes were bound to happen when things got complicated, but who need this would be such a hard job? Things are heating up in the southern city.

Customer Reviews

Jeffery Craig is the writing pseudonym of of the author, used for fictional works. Jeffery resides in

the southeastern United States and shares his life with his husband and partner, and a menagerie of much-loved pets. He's an avid supporter of the arts and co-owns a local gallery/gift store that provides an outlet for area artists to showcase and sell their work. When he isn't writing, he might be found working on a painting or enjoying the covered porch of his historic southern home with a good book in hand. He can be reached via his webpage (www.jefferycraigbooks.com) or on social media.

Reviews are not my strong point... With that being said, I truly loved both books. Would have loved to have a bit more detail where the story actually took place. That's just a thing for me. Great story... Just the right amount of twists and turns. Would highly recommend to anyone looking for a very good, easy read. I give it a A+ in all areas. Looking forward to book 3!

Well, the second in the series did NOT DISAPPOINT!! Now I can't wait for the movie to come out and for the 3rd book to hit the shelves! Craig did such an amazing job in this follow-up tale that I might be terrified to go on a date again with someone I just met. I had to take deep breaths to calm my racing heart in much of the last half of the book. And by the end, I literally could not put it down despite some other things I really wanted to go do! Had I hit the last few chapters late at night, I would have been reading under the covers like a kid! Don't just order Done Rubbed Out without also ordering Hard Job--you'll regret having to wait for the second one to be delivered!

This book was better than the first! The twists in the storyline kept you on your toes. I can't wait for the next book in the series.

really like the characters!

Those of you who follow my reviews will recognize this book and series as going with the review I published a couple days ago. This one is the second book in the Reightman & Bailey series, and it literally picks up on a "next page" basis from the cliffhanger ending of book one. I'm actually glad that the author chose to do them as two books, even though the story continues directly into this second half. Some of you might not be up to 680 pages in one sitting, but trust me, I was. I had to force myself to go to bed last night with only an hour and forty five minutes remaining showing on the bottom of Kindle page. I couldn't keep my eyes open, and realized I would be wasting such good reading on my overly tired self. So, I got to finish it today. Again, an extremely good book. We're back to the story of Toby Bailey, Detective

Melba Reightman, and the rest of the crew. Detective Reightman is struggling to get past a death that happened near the end of book one, and we aren't any closer to finding out who killed Geri, and perhaps a few other people as well. When Geri's killer was revealed somewhere around 50% of the way through this book, I was thinking to myself where is it going from here? I'll tell you where it went. It brought us to the hidden killer in the background. We readers know about John Brown, this man who has been behind the scenes, but Toby and Melba don't know about him. When it was finally revealed who he actually is, I'll readily admit that I hadn't figured it out ahead of time. I was totally surprised when the author revealed the truth. Great job again Mr. Craig. I can't wait for the next one and I'm really hoping some of the other characters are back and that the one controlling boyfriend gets over himself. I'm also hoping one of Melba's coworkers gets exactly what's coming to him! No more spoilers, do yourself a favor, pick up both Done Rubbed Out and Hard Job immediately. You won't be sorry. If you have Kindle Unlimited, both are available as part of that program. Again, as with book one, please be aware that these books are not romance, so if you only like romance, give them a pass but take my word if you do you'll be missing some really, really good books! Now bring on Book Three, Skin Puppet soon please!!! Tapping foot impatiently.

Hard Job starts right up at the end of Done Rubbed Out. Detective Reightman's partner, Jackson, has taken the bullet meant for Toby and has died. She is having a hard time dealing with this. Toby is still trying to deal with the death of Geri, still looking for Geri's killer, along with being the target for an assassin. It is clear that the information in the box Geri had is hotter than they knew. But how can someone know what is on the photos that have been discovered. Something doesn't feel right about the whole thing. I loved how this book started right after the end of Done Rubbed Out. Toby and Reightman are in shock from the death of Jackson. But they can't stay their long since someone is bound and determined to stop the information from getting out. But they are going to have to get their game faces on because the hitman was not the real killer and someone has too much knowledge about the information Geri had. This is a fast paced thriller that will have you on the edge of your seat turning pages until the early hours. If you thought Done Rubbed Out was great, prepare yourself for an amazing sequel. This is one series you need to check out. I received Hard Job from Silver Dagger Book Tours for free. This has in no way influenced my opinion of this book.

This book continues with the search for the person who killed Geri a young man who was blackmailing several important officials. There is also a hit man involved this book keeps you guessing until the end. I love this author and I can hardly wait for the next book.

This series was a surprise. I loved it. It has interesting characters and does not lack in action. Be warned that it has a serious need for an editor but the story itself is awesome.
