Janet Novahec is the real thing. In England spiritualist churches are much more common and mediums give evidential information so that people understand that life is continuous and perhaps bring a loved one through who wants to say "I'm sorry." This type of mediumship heals relationships and lives. It's not about psychic predictions but much more valuable than what most spiritualist churches in America offer. Wish I was able to train with Rev. Novahec

I would recommend this book to anyone who is considering becoming a medium. I'd break this book into two parts: - becoming a medium - what to do if you want to give readings privately or publicly for other people The second part was especially informative - I haven't seen that much detail and advice about doing readings for others. Her writing style is easy to read, like one of my other favorite

medium books: You are Psychic by Sophia Williams.

I have taken a course with Janet Nohavec and found this book to be a synthesis of what she teaches in person. The benefit of this book is that it serves as a reference text and constant refresher. The exercises are explained well and are effective. It's a good guide for psychic development and has a no-nonsense approach, much the same as Janet. If you read Janet's biography first, Through The Darkness, you'll have a much greater appreciation of this determined, loving, honest, spiritual individual.

I'm a professional teacher (who is also a medium) and I teach multiple mediumship classes every semester. This book is one of the few that I recommend to all of my new students.

This is the book I've been seeking. I was aware of the spirits as a child, raised in the Mystical Catholic Church believing in miracles and spirits, and developed as a seer in a spirit filled church as the Prophet for 15 years. Now its all put together as to the how, and why with this clear and comprehensive book. Whether a new awakening to the afterlife or a seasoned communicator with discarnate spirits, this is an informative and totally clear book. For those that are advanced, it is encouraging to continue on the path of mediumship. Anyone fascinated with Long Island Medium will also benefit from a greater understanding of the source and path of such a gift if they read this book. It clarifies many modalities and paths. A must read!

I love this book. Janet Nohavec has written everything I wanted to know about how to work on developing evidential mediumship. Her writing style is easy to read. If you need questions answered about mediumship this is the book for you.

What insight into the world of Evidential Mediumship. Ms Nohavec is a teacher and mentor to follow. I am very happy I bought this book and look forward to finding more books in this venue. Janet Nohavec will be visiting and teaching at our Spirit University in Sarasota FL this November and I am so glad we got her book in time. Thank you Ms Nohavec for a wonderful look into the world of Evidential Mediumship. Barbara Harrison

Outstanding book that offers great insight and practical advice to mediums seeking to expand their practice or to just understand evidential mediumship better.
