Awesome product, no complaint

I haven't been to Washington, D.C. but when we go, this guide will help me to decide the best places to visit.

After checking this out of the library so many times I decided to order a copy. Since this book is out

of print I was able to find a nice clean used copy. This book is wonderful as it gives a variety of road trip itineraries for the Virginia and Washington D.C. area. This is not a restaurant/hotel guide. We have taken most of the suggested driving tours in Virginia, West Virginia, Maryland and Washington D.C. This book is very useful as a good starting point for planning a trip, as a nice overview is provided for each driving itinerary. The book provides information about the points of interest for the particular itinerary. If you are not familiar with an area this book gives the traveler a wonderful start to planning a driving trip and a nice compact reference to carry along.

Ideal for planning your trip to Washington, D.C., Virginia, West Virginia, Maryland and Delaware, Delaware. You will have several routes to explore this part of the country. Tips, Maps and Photographs that give you a very good picture of your trip. This will help you to don't miss any of the important places of the road. Ideal for visiting the historic places of DC area
