Auricular Reconstruction

Synopsis

FIVE STARS from Doody's Star Ratingsâ„¢. The knowledge that Dr. Firmin has amassed through three decades of experience demonstrates how perseverance, artistry, and exacting surgical skills can meld together. Surgeons who wish to work on ear reconstruction should, and perhaps must, get this book. -- Doody's Book Review (Score: 100) There are few if any, other books out there that provide not only step-by-step instructions on ear reconstruction surgery but also...insight developed from decades of experience of the authors. -- BIZ INDIAThis book details the surgical techniques of Dr. Francoise Firmin, a recognized thought leader in auricular surgery. It contains her "trade secrets" that have been distilled over many years of practice and is abundantly illustrated with over 1000 colour photographs and drawings. The book includes operative and lecture video plus an eBook. This practical, authoritative book will be an essential purchase to all surgeons who operate on the ear.
