Deadman Wonderland, Vol. 2

Synopsis

Framed for the brutal murders of his classmates by the mysterious Red Man, middle school student Ganta Igarashii finds himself sentenced to death and sent to the bizarre and fatal theme park/prison that has risen from the ruins of the Great Tokyo Earthquake—a hell on earth known as Deadman Wonderland. Falsely accused of murdering his classmates and sentenced to death in Deadman Wonderland, Ganta begins to learn more about life inside the prison walls. Upon hearing that the Red Man, the strange being that killed his friends, is in the G Ward, Ganta heads there seeking answers—and revenge. Instead he finds a mysterious man who calls him Woodpecker.

Customer Reviews

This is the second book in the Deadman Wonderland. I absolutely loved it! These books are so strange and just so intriguing. Ganta is recovering from the ordeals of book 1. When he finds out the Red Man is kept in Ward G, he begs Shiro to take him there. While in the mysterious Ward G Ganta finds out the true reason this place is called Deadman Wonderland. As a result of an impromptu battle in Ward G, Ganta finds himself fighting in the Carnival of Corpses. In this book Ganta starts to unravel the secrets of Deadman Wonderland, including what/who is really kept in Ward G. We also learn more about Shiro and get to see her truly kick butt in some scenes. I really loved all the interesting revelations in this story. There is a lot of dark humor in here as well which I really enjoyed. There is also a ton of action, which was well done and fun to read about. These mangas

are very well drawn as well. My only complaint is that this manga suffers from giant-boob syndrome (all the women in here have absolutely ginormous breasts that are completely improbable). Overall an incredibly well done horror-action-dystopian themed manga. I really loved it and can't wait to read the next one in the series. This is a very gory and somewhat disturbing manga, that has some fascinating characters and a really interesting setting. I would recommend to those who like action-packed manga with a horror/dystopian theme to it.

~4/5 Color me surprised, but this series has now been added to my automatic buy list. I wasn't expecting it to get so good so fast, but it did. I was not expecting the development behind the deadmen, or there being others like Ganta. I'm not going to spoil it any more than that, though. I wasn't expecting it, and honestly it's a little horrifying. I guess I shouldn't be surprised by the direction it went, seeing as how the whole place is set up, but I was. It was a bit more horrible and graphic than I thought it would be. We met some interesting characters this volume. I'm not sure if I'm going to like any of them, however. We'll see how they develop, I suppose. We also got to know Yo a tiny bit more, and now I'm just unsure of him. He could go either way at this point. Ganta is a little whiny, and he's very much a wimp. I don't understand how he's surviving through this whole thing. I want him to toughen up, and I guess I can only hope it'll actually happen. Shiro, on the other hand, is my absolute favorite. How she just sneaks around the vents in the facility, and eats whatever she wants, and somehow no one seems to notice. She's upbeat and fun, and adorable, and obviously hiding some very serious things behind it all. She's amazing. I think I would stick around for this series simply for her. But also, that ending. She's hiding some things. I cannot wait to find out what. I'm immensely intrigued by this series. We got some insight into how the whole place works, we saw some creepy things. I am intrigued and excited by it all. I honestly can't wait for the next volume, because I really want to see what happens next. [More of my reviews are available on my blog, Geeky Reading, to which there's a link on my profile.]

The second volume managed a feat I didn't think possible. It not only created a greater story and character depth, but it also blew away volume 1 in every possible aspect. Questions are answered, greater questions are asked and characters find themselves in situations that force growth and give the reader far greater understanding of their motivations and personalities. This is an impressive manga. I've never seen the anime and have no plans to watch it either. So, I have no idea how this

stacks up in comparison. Sorry, but I'm a fan of the written word and always will be. I'm not big on spending full price on graphic novels and manga because I find the price high for the amount of story one receives in return. Despite this, I'll be purchasing the subsequent volumes of Deadman Wonderland. I'm hoping they're worth it. All signs indicate they will be.

This volume was better than the first (not that things were slow but they really speed up here!) We learn hints of a conspiracy and that things may not be as they seem. What I like so far about this series is the author doesn't have to build up suspense for a ton of volumes before cutting to the chase. He presents more questions quickly instead of lingering on the same ones. While that may work with some stories, it would not work with this one so the author is doing the right thing. Let's not forget the artist! The art is great too! Really captures the emotions! Well, I am going to buy all 13 volumes as they release! If you are watching/thinking about watching the anime, I recommend the manga as it is more fast-paced and the anime doesn't cover the whole story. See you again!

The story is great I ordered it together with a copy of Death Note, but Deadman Wonderland was in bad condition when I got it. This was due to bad handling and I recommend that if you live in an apartment don't order only 2 books at a time as they will shove them in your mailbox damaging them.

Deadman Wonderland is a gruesome, graphic, adult look at a privatized prison where inmates are forced to play deadly games to survive. I personally loved this series, plenty of gore, language, and dark themes kept me drawn in. I saw the anime before I read the manga, and the two tie very closely together thankfully. Must buy if you like dark, graphic stories!

It is amazing, just like picking up the real manga from a comic book store. I recommend buying the whole series

Very awesome manga series, got here quickly and just so happy they're making hard copies of the English version. It does suck a bit that you have to wait three months for each volume, but it's worth the wait.
