# Praxis Prep 2017-2018: 8 Practice Tests + Proven Strategies + Online (Kaplan Test Prep)

## Synopsis

Kaplan's Praxis Prep 2017-2018 features comprehensive content review, realistic practice, and proven test-taking strategies to help you pass the Praxis tests. This updated edition includes new content and the latest exam information to help you avoid surprises on Test Day. No matter which test you're taking, Kaplan's comprehensive guide provides the review you need to master all Praxis assessment types. Praxis Core Academic Skills for Educators tests are frequently used as a basis for admission into teaching programs, while Praxis Subject Assessments and Praxis Content Knowledge for Teaching Assessments are often required as part of the teacher certification process. Whether you're applying for admission to a teaching program or aiming for additional certifications, Kaplan's book and online resources can help you face the Praxis with confidence. The Most Review More than 1,000 practice questions, with answers and detailed explanations for each question, including sample written responses Pre-tests for each chapter to assess strengths and weaknesses so you can focus your study 3 full-length computer-based Praxis Core practice tests—one each for Reading, Writing, and Mathematics. 3 full-length computer-based Praxis Principles of Learning and Teaching (PLT) practice tests—one each for K-6, 5-9, and 7-122 full-length computer-based Elementary Education practice tests—one for Content Knowledge and Curriculum, one for Instruction & Assessment 4 Subject Assessment question banks covering math, science, reading & language arts, and social studies. In-depth and targeted review of all tested material Expert Guidance Kaplan's expert psychometricians ensure our practice questions and study materials are true to the test. We invented test prep—Kaplan ([www.kaptest.com](http://www.kaptest.com)) has been helping students for almost 80 years. Our proven strategies have helped legions of students achieve their dreams. Want additional instructional videos, practice quizzes, and full-length practice exams? Try Kaplan's new Praxis Deluxe online course.

## Customer Reviews

For almost 80 years, Kaplan Test Prep ([www.kaptest.com](http://www.kaptest.com)) has been helping students grow their knowledge, skills and confidence so they can be their best on Test Day. Our prep books and online resources provide the expert guidance that students need at every step of their educational journey – incorporating years of test-specific data and strategies tested by Kaplan students and our own expert psychometricians. After helping millions of students, we know what works. Our guides deliver knowledge with clarity and simplicity while focusing on the specialized strategies that keep test-takers ahead of the clock and at the top of their game. We offer preparation for more than 90 standardized tests – including entrance exams for secondary school, college, and graduate school, as well as professional licensing exams for attorneys, physicians, and nurses. With a full array of self-paced and live online courses, as well as print books and mobile apps, you can use Kaplan to study on your own schedule and at your own speed. Kaplan’s private tutors and admissions consultants supplement those offerings with one-on-one support.

TERRIBLE! I cannot recommend this book to anyone. I tested for the 5017 Curriculum, Instruction, and Assessment. I studied several hours. What was in the book was NOT what was on the test.

This book has everything you could possibly want from a PRAXIS prep book. Practice test questions, sample writing prompts, and explanations of how everything is graded. I have not taken my PRAXIS test yet, but this book makes me feel very confident about my ability to score highly on the exam.

Most of the book is geared to the PPST. I mistakenly bought it, but I'm taking the PLT. Still good for review and online companion.

I will admit, it is a good review book, but it is OUTDATED!! The review is for the PPST Praxis

exams. Not for the Core Academic Series and so fourth from there.

I needed to pass the Praxis in order to get into graduate school. I originally planned on purchasing at Barnes & Noble but the price on was MUCH better! I received it quickly, saved a few bucks, and managed to pass the Praxis!

I honestly don't know how well I would have done without this book. It goes over most basic of all the praxis test.

I received an amazing score, and the preparation helped me feel much more confident going into the test. I found the language section to be much easier in reality than in this book, however. My recommendation: do not skip the essay practice, no matter how amazing of a writer you are! More people run out of time for their essays in the exam than finish. Trust me: you do not want your computer to cut out, and leave you with a half-sentence conclusion. You will fall prey to the constant terror of failing for the duration of your waiting period.

This book was amazing. I started studying a few weeks before the test and passed. Although that is not suggested, this book provided all the information i needed for the praxis. The math section helped me a lot considering math is my weakest subject. I passed the math by 6 points. Great book!
