The Successful Single Mom: Get Your Life Back And Your Game On! (Volume 1)

Synopsis

The Successful Single Mom book is your therapist, BFF, coach, and personal trainer â | all rolled into one. Written by a business coach and former single mom, when you read this book you'll feel like you're getting big sisterly advice (and a hug!) from someone you've known forever. You'll feel inspired to begin your transformation and become the mom and woman you've always known you could be. The Successful Single Mom is the only book series for single moms written in a positive, can-do voice, from the coaching perspective, by an executive coach who was also a single mom. This book provides the roadmap for creating the life you want, starting instantly, today, with the encouragement you need. Honoreeâ™s practical, encouraging advice gives you a road map to start creating your ideal path today! In this book, youâ™ll discover: --How to rebuild your personal and professional lives to feel like you again. --How to develop your support system. --How to improve your attitude and enjoy the cool things single mom life has to offer. --How to create a plan and action steps to put you on the path to success. --How to be an incredible role model for your kids, and much, much more! Buy the funny, encouraging book to pave your new future today!

Praise for THE SUCCESSFUL SINGLE MOM Book & Series "I wish I had discovered this series about ten years ago when I was recently a single mother of four, without a high school education and no prospects. While I have since found my way in the world, I obviously have a few things to learn and reading this book was very helpful." ~Marianne Curtis, Author "This isn't just another book to help you feel good, this is a book with a plan!" ~Christina Plaisted, single mom

Customer Reviews

The book is 104 pages long. It's an easy, enthusiastic read. It chronicles the stories of single moms and how they got back on track as single moms. This book shows single moms a simple, practical method for creating success. --Amy Sue Nathan, Chicago Single Mom Examiner.com I give The Successful Single Mom book 5 stars! I highly recommend this book to all single moms, those who love them, and any other moms who want to be successful. Although it's directed towards single moms, all moms can relate and be helped by this amazing book! --Books4Moms.com --This text refers to an out of print or unavailable edition of this title.

AUTHOR. Honoree is the author of The Successful Single Mom Book Series, The Successful Single Dad, and the books Play2Pay: How to Market Your College-Bound Student-Athlete for Scholarship Money, Paying4College: How to Save 25-50% on Your Child's College Education, and Tall Order! Seven Master Strategies to Organize Your Life and Double Your Success in Half the Time. She has created Single Mom Transformation Program, The STMA (Short-term Massive Action) 100-Day Action Plan Coaching Program, as well as The Tall Order! Success System and The Referral-Only Business System self-study courses. **SUCCESSFUL SINGLE MOM.** Honoree is the proud mom of Lexi, a precocious 13 year old seventh-grader who teaches her new things about success every day. She does her very best to live what she teaches, and she teaches it so she remembers to live it. **BLISSED OUT NEWLYWED.** Using the tools in this book prepared her to attract and marry her fantastic new husband. **ENTHUSIASTIC MENTOR.** She coaches entrepreneurs, senior-level professionals and single moms to live their ultimate lives through her ground-breaking Successful Single Mom Transformation Program. She teaches an Effortless Living class in her home for single moms, moms and women interested in living a life of abundance and happiness. **SINGLE MOM BLOG.** Her blog reaches thousands of single moms each week, providing tips, tools, strategies, ideas and recipes for making the most of yourself, your mommy-ness, and your life.

I bought this book while pregnant with my first child. At 5 months pregnant, I am already in a predicament with my child's father and with my own muddled life. I needed some guidance...before the baby pops out and I find myself in an even deeper hole under even more distress. When I first began this book, I wasn't that thrilled about it. I wasn't too moved by the over-simplified advice and "corny" motivational lines. But I soon realized that it was only because I had possessed such a dark, sullen attitude for so long and that I grew to enjoy luxuriating in the pity parties that I constantly threw for myself. Honoree's very upbeat, hyper-positive attitude was, of course, going to be a

turn-off to me! Eventually, I grew into the book. I enjoyed writing my "new story" as opposed to always feeling sorry for myself and crying the same sad song like a broken record. And I learned to change my bad attitude towards MYSELF. The practise of constantly affirming myself was, at first, very unusual to me, but I grew to understand the significance of it and now I'm trying to adopt it as a daily practise. The exercises weren't terribly hard to do because I already knew that I had issues, so it was actually quite refreshing to write them all out to finally face them. By the end of the book, I was very eager to start my 100 Day Transformation Program. I wrote out my action plan yesterday and I started the program today and I'm more than motivated to complete it. I'm confident that this is what I needed to get my life back on track...and in time for my child to have a more effective, empowered, and positive mother.

This is the first book I ever read by Honoree. It was perfect to start with and came at the right time. Later, I was ready to get into the rest of the series and *If Divorce is a Game, These are the Rules*. But this one helped me keep my chin up when it was very hard and gave me some positive things to focus on. Thanks Honoree for writing the right things at the right time.

Well written book that offered a clearly defined method for finding/creating a support group for single moms. Humour interwoven with poignant points with personal recollections from various 'successful single mom' examples provided emotional hooks that held the reader and compelled them towards completing the book. Not a difficult read by any means, this book was well laid out and provided the reader with the promised content in a comprehensive and interesting fashion. Good read.

When I purchased this book, I'd just become a single mom. Desperate for any information that was relevant to single moms and written by someone who'd been in the trenches, I took the plunge after reading Honoree's *Blog, The Successful Single Mom*. All I can say is thank God for caring, generous women who share their own lives and the sorrow, pain and triumph they endured to help the rest of us avoid as many of the pitfalls they faced. From her clear understanding of how one feels when going through a divorce, to feeling the fear that you won't be enough for your child/children, to an action plan to getting on with your life in a sane, successful way--Ms. Corder walks the walk she talks. If it weren't for her book, and, the Good LORD, I don't know what I would have done. Now, a few short years later, I'm a living result of her powerful advice--and am proud and pleased to write this review. Get this book. Get the series. You won't regret the price, the progress or the blanket of hope Honoree Corder wraps around you until you can stand on your own

strength!

Honoree inspires, encourages, motivates and tells it like it is in this helpful guide for getting through one of the most difficult and challenging transitions in a parents life. The stories of all the women who were part of the group were so helpful in realizing that you are not alone and that becoming a single parent can be the beginning of something greater than before. This book is like having the best friend you wish you had going through a tough time on your nightstand! Highly recommended in a group setting and as a gift for any single parents you know!

I loved this book and I'm excited to read the rest! As a newly single mom, I found her writing inspiring, encouraging, optimistic and very realistic which made it easy to relate to her experiences. She offers a lot of creative and helpful advice to give you direction as far as transforming your life into a wonderful one. By the end, you'll be more confident and ready to face anything with a smile!

Excellent book! Really motivated me!

I thought this book was so inspiring! I sell real estate and work with a lot of "single Moms", I want to give this book as a gift, very encouraging and empowering!
