Customer Reviews

"A book of removable gift wrapping papers featuring 12 distinctive kimono designs in a variety of color schemes and patterns. The papers are folded to fit into the book and can be easily removed by tearing along a perforated line. When removed and opened each sheet measures 18 x 24 inches. The kimono is an enduring symbol of traditional Japanese culture, translated it means 'the thing worn'. A 2 page introduction provides insight into the role of the kimono in Japanese society including garment color, pattern and motif. Tuttle gift wrapping papers make your gift look special. In addition, the papers are suitable for all sorts of craft projects." â "Handmade by Deb blog" The paper comes as a book with the sheets folded and perforated for ease to remove them. Each book comes with twelve 18-inch by 24-inch sheetsâ [These are quality papers and I love how they give you a bit of the history of the special fabrics from Asia." â "Crafty Moms Share blog" Tuttle Publishing has a range of groovy and beautiful gift wrapping papers, just perfect for wrapping up your multicultural gifts for friends and familyâ [if you think you can spare to share these elegant papers!" â "CastleViewAcademy.com" These premium wrapping papers are so beautiful and artistic that I knew our loved ones would feel very special receiving presents wrapped with them."

These are very pretty; but not really very practical for anything but small gifts. They come in a booklet that has serrated edges and you tear them out and unfold them. I used them for my daughters birthday gifts and they were lovely; but I am giving the rest to her for her origami and crafts and I will buy larger paper for gifts

The patterns are classy, a big step above what you can get at a department store. Have used them to wrap 2 baby shower gifts and both times my gift was the first to be opened. If the sheets were bigger you would get 5 stars

These are gorgeous. My daughter is in love with all things Japan so I bought these to wrap some of her birthday gifts in. She absolutely loved the paper, and so did I. Each piece was sturdy. I had no issues with ripping or tearing.

Just beautiful. You will not regret buying these even if you never use them because they are wonderful just to look at. But you can use them quite easily: the weight is perfect and they fold easily.

great quality! my Japanese friends loved it!

CA n't find anything like this in a store any more. It's beautiful.

The designs themselves are pretty, even the one design that clearly is not from a kimono and is a simple graphic. However, the overall quality of these papers is fairly poor. The original kimono designs were photographed too closely; the result: 1) you can actually see the weave of the original fabric printed in the wrapping paper (unattractive); 2) the designs are printed far too large (for example, that round gentleman in the upper left hand corner on the cover is a full 4 inches tall on the wrapping paper!!!). Would not purchase again.

Excellent beautiful
