Mississippi Bird Watching: A Year-Round Guide

Synopsis

Like gardening, bird watching is a fast-growing regional hobby. Now, Cool Springs Press brings its proven method of successful state-specific gardening approach to bird watching guides. In collaboration with Bird Watcher's Digest, these bird watching guides provide accessible, credible advice. The birds that frequent the backyards of Mississippi differ from the birds that frequent the backyards of Tennessee. In addition to unique descriptions, each bird profile includes a range map to identify each bird's North American distribution. One hundred birds are profiled, each with a color photograph, to ensure accurate identification. A seasonal section informs the reader of: Migrating birds that can be seen during that season The foods and plants that can attract those birds Where to go to view year-round and migrating birds Cool Springs Press's partner, Bird Watcher's Digest, has sold more than 4 million copies of their booklets on bird species, bird habitat, feeding, and other related topics. This series of books from Cool Springs Press targets the beginning bird watchers for ten states.

Purchased as a gift.

I have enjoyed being able to find a picture of a particular winged visitor to my garden and know the

name and habits of the bird. I enjoy the fact the book tells me even the voices of the bird I am seeing. I have identified several birds in my yard. After placing a trellis near my front door, I was soon visited by a tufted titmouse and I was able to find his photo, see what he liked to eat, and what time of day I could expect him to return! I love this!! I recommend this book to anyone who wants to not only recognize but meet the birds in their backyard.

This is an excellent book. I have enjoyed my copy so much that I purchased this copy for my mother-in-law who loves to watch birds.

This is a good beginner guide with lots of how-to stuff in it as well. My only complaint is that the pictures only show the male birds instead of both the male and female.

This was a gift for my bird loving husband. He keeps it on the table beside his chair and uses it daily!

My husband and I recently moved to Mississippi and seen that we have alot of different species of birds in our backyard. We hung up a few birdfeeders and needed this book to help identify all the different kinds of birds. This book was a real help! It not only lists the birds but also what they eat, their nesting habits, if they migrate and so much more. "Mississippi Bird Watching: A Year-Round Guide" was well worth the money. I ended up buying another one for a friend. If you are a beginner birdwatcher I'd highly recommend this book.
