A superb, thorough presentation of the foundation and philosophy of Reform Judaism.

great product, easy sale, quick delivery... thanks

An essential book for anyone seeking a basic knowledge of modern Reform Judaism. The reader

This book provided an in depth and comprehensive opinion of Judaism as the Liberal and Reformed sanctions developed nationally and world wide.

After reading this book, I have selected it for use as a Bible Study topic. Understanding of our common roots and circumstances in the modern world can be gleaned from its pages. Borowitz gives flesh to the history of the Jewish people from an early semetic tribe to its place today as a force in America and throughout the world. An understanding can be gained of the various branches of the Jewish religion as well as the secular Jew in our society. His insights are acute and get to the heart of many of our modern concerns in 2009. A work of several years Borowitz has put forth a masterpiece of wit and reason. Always 'God' centered, he has given a guide book for a path through

many of today's thorny questions. In closing I would repeat the words of the Psalmist as Borowitz did: I shall not die but live and proclaim Adonai's deeds. I praise You, for You answered me and have become my deliverance. (118:17,21)

This book is a must for anyone interested in learning about Reform Judaism. The author gives several different viewpoints on subjects ranging from Zionism, Creation, Life Cycle Events, Israel, etc., leaving the reader free to form his/her own opinions as well as understand others' viewpoints on a wide range of topics relevant to all Jews and those who are interested in Judaism. A definite 5* book!
