Her Forever Cowboy (Bad Boys Western Romance Book 1)

Synopsis

Next stop, red-hot Western romance! Stephen walked away from love when a 100 years of ranching was on the line. Underneath a glib exterior, the second eldest of the hardcore McLemore brothers is private, cutthroat, and controlling. Years of sacrifice have taken a toll, but he never forgot the girl of his dreams. A stormy reunion brings Jillian mouth-to-mouth with the cowboy who broke her heart. Lip-locked and up against Stephen's hard body rekindles more than a spark. But Jillian refuses to give into temptation and informs McLemore (and herself), she's moved on. As a dance studio owner, Jill found her footing. Entangled within the town gossip mill and family drama, Stephen and Jillian's verbal sparring turns up the heat. After a round of dirty dancing, their mutual attraction fully ignites. In the midst of rediscovering how sweet love tastes, life throws a curveball into Stephen's plans. Hollywood comes knocking on Jillian's door with an offer to star in a reality TV dance show. Her once in a lifetime opportunity might be this bad boy's undoing. Called to be the man she needs, Stephen makes the ultimate sacrifice and it cuts deep. In a whirlwind, Jillian must decide if all that glitters is gold. Is fame what she hungers for when a Harley-riding rancher has all the right moves? Humor infused, Her Forever Cowboy is a poignant second-chance love story that explores the depth of forgiveness and sacrifice, loyalty and trust. Note previously titled: The Cowboy Rode a Harley

Customer Reviews

3-3.5 stars This was a good story. I liked Gillian and Stephen and liked seeing them get together. This is the first story I've read by this author and it was good enough that I'll consider trying more of her work in the future. Gillian is a dancer that owns her own dance studio. She loves teaching dance and living in her hometown so she never went off to the city to try to make a go of her dancing. Gillian's parents died but she's still very close with her grandparents and her brother (who she's roommates with). Stephen is part owner of the family ranch with his brothers. His future on the ranch has always been set out for him and there wasn't much opportunity to change his fate. Stephen got his heart broken years before and since then has lived the life of a man-whore, drinking and screwing around with women that mean nothing to him. Stephen wakes up in a strange bed and doesn't remember how he got there. He looks around and realizes he's in the bed with Lori, a woman he sleep with occasionally. As he's trying to extract himself he realizes that there's another woman in the bed, a redhead he doesn't recognize...at least at first. The woman ends up being his friend's younger sister who he hasn't seen in years. Gillian is now all grown up and looking hot and hell and Stephen wants her even though he knows he shouldn't. They share a brief kiss before parting ways but that one kiss changes everything for them. Stephen knows he shouldn't pursue Gillian but he can't get her out of his mind. He can't help but want her and can't stand to think of another man going after her. Gillian is attracted to Stephen and wants him but also knows he's a man-whore and she's likely just to get herself hurt if she does anything with Stephen. To be honest, the blurb kind of goes over most of the story. Most of the story deals with Gillian trying to figure out if she can trust Stephen and whether they have something or not. Stephen isn't sure what he's feeling but he's suddenly obsessed with Gillian and can't help these possessive and protective feelings that are growing within him for her. There's some back and forth as they begin to see each other and they're limited by the fact that they both are trying not to push things so they try to go with the flow and it just stresses them both out about their relationship and where it's going. Of course, there's the dance contest that coming up to deal with and there's also some issues with Gillian's brother that make things more difficult as well. Overall I liked seeing Stephen and Gillian get together but it was complicated by a short timeline, a lack of communication and external influences

that seem to be there just to cause trouble for the couple. Thankfully, things work out in the end and Stephen and Gillian get set to start their HEA together. Overall this was an enjoyable story. I found both Gillian and Stephen to be likable characters and I was happy to see them get together. The story wasn't perfect and frustrated me at times but things worked out well and I ended the story satisfied. I may go back and read book #1 in the series as I have it and am kind of curious. :)

This was a wild story of one woman (Gillian) who has a brother in a band who was going out of control (booze n drugs) who finds someone handcuffed to her bed (Stephen). She starts to fall for him but he is a "player". Never with the same woman for any length of time, never on a date with any of them. There is the angst of her brother for her. Then his past is not so past. She has been selected to appear on a reality type show for her dancing. Now is the time I will tell you to go ahead and read this sweet story. There is hot sex to boot.

I really enjoyed the whole of this series of books, this is book 3 of the Bad Boys Series, this story is about Stephen and Gillian. Stephen is a rascal, a dyed in the wool sex maniac, he's had more women than you've probably had hot breakfasts. Until one morning after a very bad night he wakes up to discover his best friend's sister Gillian has grown up and he falls for her in a bad way. There are six books in total to the series, the books are set around a horse and cattle ranch family in Texas. There are 5 brothers and one sister, The brothers are Miller, Matt, Brandon, Stephen and Rory and a sister named Corith (Cory for short). You can't read one book without reading them all, because they are all interwoven. It's a great family saga, with lots and lots of love and great sex. I think Susan Arden is an excellent writer, she knows how to weave a good wholesome story, I couldn't put the books down. Do yourself a favour, buy the series you won't regret it, there's not hard core, there's just a good story about a hard working close knit family, with some really great sex thrown in. You need to purchase the whole of the Bad Boys Series.

THE COWBOY RODE A HARLEY was a Hot read. Those McLemore men are hotter than Texas.....I loved this book that gave us Hot bad boy Stephen & sweet virgin Gillian. There is nothing like a bad boy falling hard and changing his ways & for a sweet innocent going to the dark side. Life was not so simple...throw in his womanizing past, her out of control rock star brother Haden, then throw in Hollywood calling her to be a dance star. The sex scenes were just kept getting hotter and at some point I wondered if my Kindle was going to melt. I loved how hard he tried, from dates, to flowers, to gifts, to learning to dance so he could be her dance partner...loved it. I already bought Cory,

Stephens sister story to read next. If you like a bad boy/cowboy falls hard for a sweet girl book with hot sex scenes then this is your kind of book. A sweet READ!

I grew up & still live in Texas. Cowboys were everywhere as I grew up. Dated a few, married a drug-store one, divorced that one then found the love of my life (who is not a cowboy). I must say, though that had I found one like Stephen I wouldn't have given him up so easily. That man is not only HOT, he's a good man. He's tried so hard not to give in since he had a reputation with women and since Gillian was his friend's little sister, but when he found himself obsessing over her he knew he couldn't give her up.OMG - the chemistry between them is hot enough to blister to screen of my Kindle!If you like HOT cowboys (and who doesn't?) get this book!

The Cowboy Rode a Harley was a fun read.When Gillian comes into contact with Stephen, she knows she is in for a challenge. Stephen is not known for being dating material, if anything he is just the opposite. Stephen sees Gillian as his younger sister's friend and is freaked out by the physical reaction he is having by being in the same room as her.Can he convince her that he wants to date her? Will Gillian trust that Stephen is willing to change his image for her or will he just love and leave her?Take some time to get to know Gillian and Stephen. They are worth your time.
