# 99 Tips To Get Better At Spearfishing: Actionable Information To Improve Your Spearfishing

## Synopsis

99 Tips To Get Better At Spearfishing For every spearo there are issues to overcome. From equalizing problems and poor breath-hold to finding the good places to go spearfishing. This guide contains some of the best advice we have learned to overcome these issues and continue to get better as spearo's. When Levi and I started spearfishing (in different countries) we had lots of issues to overcome in order to spearfish safely and successfully. I battled with finding people to go with, finding the right places to go to, and putting together equipment that got the job done and didn't break the bank. We both soon discovered that spearfishing has one of the steepest learning curves imaginable and so we started the Noob Spearo Podcast, a show where we track down some of the worlds best spearo's and learn from their stories, experience and advice. This book contains some of that advice distilled into concise actionable tips for you to apply to your own spearfishing. Advice from 40 Of The Worlds Best Spearo's Right At Your Fingers Tips "99 Tips more like a 101 and more tips... Even after 30 years of spearfishing there are tips in here that I never thought of. So for someone only a few years into spearing this is a must have resource. Best of all it's short concise and to the point, so it's just the good stuff that will make you a better diver right at your fingertips." - Chris Coates

Tips help deal with topics such as;

- How to find good places to go spearfishing
- How to increase your bottom time
- Improve your spearfishing hunting technique
- Overcome common difficulties such as cramp, seasickness, and equalizing
- How to find a mentor, dive buddies and get involved in competitions
- Tips for how to be effective at shore & boat diving
- Blue water hunting and more

## Customer Reviews

This fabulous ebook is an absolute must for every enthusiastic Spearo's library, from noob to vet! Not only is each tip just stuffed with highly actionable intel on how to max out your hunt, but each tip has tips within tips!!! The publisher must have had a character limit which kept the quantity of tips in the title to double digits, because in reality this is easily triple digits of tips - certainly well into the hundreds. I read this book on the flight to my latest spearfishing trip and was a much better Spearo as a result, landing the most epic fish of my life. My bottom times exploded, my hunting was highly stealthy, and the fish feared me more than ever. Plus, this book comes from the esteemed producers of the Noob Spearo podcast, so you can listen to all sorts of epic Spearo talk from down under to further hone your skills and connect with the Spearo community. Buy this book, become a more badass Spearo.

As someone who has only been spear fishing a few times i thoroughly enjoyed reading this book the information gave me an awesome foundation of alot about spearfishing and makes me more inspired to give it a go again. Good practical advice with good straight up the guttshumour. Really enjoyed the testimonial of 'Shrek" being sick on the boat with spewing up a few times and persisting yielding awesome results through perserverance, getting a spanish mackerel! Really good information from professionals.

I really enjoyed the concise format of this book and I have taken away some great tips and tricks that I will keep to use next time I go out spearfishing. I thoroughly recommend this book to any level of spearfisher. Since reading this book I have started listening to the authors podcast, The Noob Spearo podcast. It's full of great interviews with expert spearos.

At the very least, 99 things every spearo could stand to (re)consider from time to time--at best, a trove of information that could shave years off the spearfishing learning curve. Easily recommended for all spearos, as is the authors' consistently valuable (not to mention, humorous) Noob Spearo Podcast.

Great book! I would recommend it to anyone interested in spearfishing, noobs and vets. Awesome job guys. Can't wait to get back out there and put these tips to use.

Good book. Lots of good information.

A very quick read with some of the most important tips. If you have a trip coming up, read this first because it gives some great reminders.

Awesome work fellas! Keeps me stoked for spearing while landlocked! The podcast is just as good too!
