My Sermon Notes: Complete - Genesis To Revelation

Synopsis

This book is the complete four volume set of Charles H. Spurgeon's sermon notes. These were first published in 1884, and are a selection from outlines of discourses delivered at the Metropolitan Tabernacle. This collection contains a total of 264 sermon outlines. Though it sounds good, there are no promises that using these outlines will ensure that you can preach like the original "Prince of Preachers," but it certainly couldn't hurt to see how one of the greatest ministers of all time prepared his messages. Each volume is currently available individually, but why not buy the collection and save a little money? This edition includes an Active Table of Contents for swift navigation. Can't go wrong starting with C. H. Spurgeon

There no teachers outside of the bible like Spurgeon, great for pastors and teachers.

have enjoyed these notes

Awesome...

How can anyone dislike Spurgeon. No one writes like that anymore and you can't get better quality notes on understanding the sermons and connecting the whole Bible to be a complete revelation of the Word of God.

I love it! It is very helpful in sermon preparation and bible study.

Love Spurgeons' notes!

help you to understand God's word better
