Customer Reviews

I find his first book to be of better quality. The paper is very thin and colored pencils maybe the best option. Some of the illustrations are incomplete due to the size (tops of heads missing, etc.) All the illustrations are one sided, but the book I received has them on the left side. He draws beautifully, but I wish he had chosen to publish a book of better quality.

One of my favorite books for working on skin tones. I love doing portrait work and while this is not one that has realistic portraits, it's a lot of fun never the less. I would recommend it to anyone who likes doing faces.

I was a little disappointed with the artwork. The women all look the same and the one woman of color in the book was poorly drawn. I don't know if that was intentional or not. I will gift this to someone who will enjoy it. I will enjoy my other coloring books.

I really like this coloring book, I'm giving it only 4 stars for 2 reasons.1. Strange binding that goes both ways.2. The pages are not perforated .

loved coloring all the different women of the world

lovvvee this coloring book!!! Very good for people who like to color faces and shade in skin colors, two copies of every page so if you mess up, you have an extra!

GREAT ADULT COLORING BOOK, BEAUTIFUL WOMEN TO COLOR. WOULD RECOMMEND.

I really like a lot of the pictures. Many beautiful women to color, but the artist seems to not be very good at drawing hands...
