Wonderful book! Since my husband and I are "of that age", not only was it a joyful read but also a

nice example of perhaps what we should start doing as to prepare for the retirement years. Laugh out loud funny in many places and touching in others, Mr. Doyle has really provided a great set of lessons in how to appreciate the different aspects of one's life. And I never thought I would be so entertained by the terms "Cipro" and "Hitler Mustache". Or that I would consider buying a biohazard suit for my next trip to the amusement park.

Doyle's book deviates from the standard question regarding retirement, "Will you have enough money for the rest of your days?" Instead, the author humorously challenges the reader to answer the question, "So what are you going to do with yourself?" And Mr. Doyle proceeds to share with the reader his ruminations regarding retirement time. The book has charm, humor, suggestions and challenges for the lucky reader who happens to be on the brink of the great retirement adventure. I liked it so much I bought six copies to share with friends and colleagues.

Wonderful page turner. I enjoyed it from start to finish. This book inspired me to get out and try something new. As a retired couple, we tend to get in a rut. The author shows that new adventures can be fun.

This book is pretty funny. Helpful hints, through anecdotes, for killing time when work no longer impedes on your free time. A cheap and suitable gift for office farewell parties. Should offer bulk pricing for this.

I read the book purely for fun, but I wasn't careful and ending up learning a few things, too. Who knew backgammon is that serious a pursuit? There are that many kinds of yoga? I'm not the only one who no longer understands new-fangled slot machines? If a bird poops on you in South America, then hold on to your wallet? This is one of those books I couldn't put down.

Really enjoyed this book. Not only did it answer some of the questions I had about what to do when I retire but I had a good laugh while reading. There were several times I had to stop reading to wipe the tears from my eyes from laughing so hard. I would recommend this book to anyone thinking about retiring or already retired. Great read.

I'd recommend this book to anyone wondering what they'll do in retirement. It covers a lot of ideas, tells many humorous anecdotes, is entertaining, but makes one think about their own "golden years"

plan.

A very entertaining, often laugh out loud, read, combined with thoughtful moments. The perfect book for anyone leaving the working world and facing the leisure-time challenges that retirement holds. I highly recommend this book.
