ISBN-13: 978-0769648071

Product Dimensions: 4.9 x 0.4 x 5.5 inches

Shipping Weight: 3.2 ounces

Average Customer Review: 4.3 out of 5 stars 87 customer reviews

Best Sellers Rank: #1,509,625 in Books (See Top 100 in Books) #77 in [Books > Books on CD > Languages > Spanish](#) #8200 in [Books > Deals in Books](#) #11624 in [Books > Children's Books > Fairy Tales, Folk Tales & Myths](#)

Customer Reviews

The Three Bears are in for quite a surprise when they return home and realize that a curious blonde girl has made herself at home in their cottage! Beautifully illustrated, this classic tale will capture children's interest and spark their imagination page after page, encouraging a love of reading that is vital to success in school and life. --This text refers to the Paperback edition.

Candice Ransom is the author of 70 books for children and young adults. More than 45 of her books have been translated into 11 languages. Her books have been chosen as Pick of the List, ALA Notable for Reluctant Readers, and a Book of the Month Club selection. She has given many keynote addresses to reading councils and lives in Virginia.

When I purchased this book, I was hoping for a book with colorful illustrations that still followed the classic "Goldilocks" story. Fortunately, I got both. We have another version where the artwork was sketched in black and white, and even though the story was perfect, my daughter wasn't the least

bit interested in any of the pictures. This book however, has colorful artwork on each page which could basically tell the story itself. We've enjoyed reading it over and over, and I've now passed it down to my younger nephew since my daughter has outgrown the story. To this day though, she still remembers this book and the other classics in the set. The only reason I didn't give five stars is because the book is a bit flimsy, and the pages are pretty thin. It will get ripped easily by children if you are not careful. Other than that, it's a good bedtime or anytime read for children.

I was looking for a good basic version of several familiar traditional tales for my son, nearly 3. I've been very pleased with this whole series. The tales, Goldilocks included, are the basically the traditional versions, in language accessible to today's audience. Some of the harsher realities of the fairy tales are softened. But what pleases me most of all is that the repetitive classic lines we all remember from childhood are present! Little ones can commit those refrains to memory (and use them to repeat the story themselves!). It is also pleasing to me that the text, while simple, is not bland. In fact there is enough emotion and intrigue to capture the interest of the littlest listeners while not overwhelming them. And there are plenty of more difficult vocabulary words to challenge little ears. The illustrations in The Three Little Pigs are my favorite, but the others in the series are nice, too. Overall, a wonderful introduction of traditional tales to the younger listeners! Thank you!

This may be my favorite children's book ever! My daughter absolutely loves it. It is beautifully written and illustrated. The story is sweet and simple and easy to read. This is a book that is short enough to read to a child under 1 but it will grow with a child and be a good book to discuss with a child about their hopes and dreams.

I wanted to introduce my 3 year old grandson to old-fashioned fairy tales and this book helped do it. There's nothing really scary about it, so it's very appropriate for a younger child. My grandson loved this story.

nice addition to classics

My son loves this story. Well done.

This series of classic children's books has nice illustrations. I have a more modern version of the Three Bears, but the illustrations fail to have the right number of bowls, or chairs, or beds, as the case may

be, on the page I'm reading to my granddaughter. That's confusing to toddlers who are learning to count. This book has toddler friendly illustrations so is much better for our purposes. I bought this to go with a felt story board. My granddaughter and I love it.

It's the classic story you grew up with. What is there not to like??? This is my daughters favorite book so we bought this and had it shipped to Grandma's house while my wife was up there with the kids. It was easier to get it shipped via than it was for us to have to worry about packing it (the other copy that we have is in a very large story book - but my daughter only likes to read this one story). With the way that the airlines charge for luggage these days every pound counts, so rather than waste a pound or so with the big book we just had this shipped up there. It was simple and waiting for them when they got there.
