ONE-TWO-GO Singapore: The Ultimate Guide To Singapore 2016 With Helpful Maps, Breathtaking Photos And Insider Advice (One-Two-Go.com Book 8)

Synopsis

One-Two-Go is your key to a successful Singapore Trip! We introduce you to one of the most exciting cities in South East Asia, famous for its skyscrapers, wonderful food, casinos and exciting shopping malls. We provide you with a guide to fall in love with! A guide full of breathtaking high definition pictures, exciting sightseeing options, helpful insider advice, detailed info on how to get easily and quickly from A to B, a variety of the best accommodation, and everything else needed to ensure you will have the greatest time of your life. Inside the One-Two-Go "Ultimate Guide" Introduction to Singapore's History to get a better understanding of the city's vibe! Singapore's top Attractions (with advice on "must see" or optional) to get the most out of your visit - no matter how long you stay in Singapore! A Detailed Map of Singapore with all our top attractions pinned on it (gives you a better idea of how to plan your day!) Insider Advice on all attractions, transport options, and accommodation to ensure you will always be a step ahead! More than 100 Breathtaking High Definition Pictures on all sights, hotels and the tastiest local foods! Multiple Maps plus a Bird's eye view of each sightseeing spot (it has never been easier to find what you're looking for) We show you how to access all points of interests by metro (in Singapore you are never far from a metro stop) Useful information for each site of interest; e.g. opening times / entrance fee/ how to get there! Additional online maps for the new, more convenient way to explore the city! A taster of some of the most important Singapore attractions Gardens by the Bay, a huge, world-famous park in central Singapore! The Singapore Flyer, the world's largest observation wheel! Marina Bay Sands SkyPark, the mega \$5.5 billion resort! Chinatown, great for shopping and for trying out authentic Chinese food! Buddha Tooth Relic Temple, a great place to learn a bit about Buddhism in general! Chinese Garden, a total escape from the bustle of big city life! Universal Studios Singapore, is a lot of fun, especially when you're in Singapore with your kids! Singapore Zoo and Night Safari, an absolutely unique attraction! Science Centre Singapore, to educate children on the wonders of science! Singapore Botanic Gardens, truly a national landmark! Altitude, rises above all the other Singapore rooftop bars! ION Orchard Mall, a futuristic huge monster mall! Local Food Specialties don't miss Singapore's tasty food options!

Customer Reviews

It was a very quick read and helped me get my bearings while planning my trip. I have weeded out what I don't need to see and what is higher on my list, gave prices for admissions. I enjoyed the interactive maps feature. It did not have links to where to advance purchase tickets to the Singapore Flyer as mentioned or other attractions. All in all it was worth the small Kindle price paid.

Highlighted the ethnic areas of the city. Listed various tourist sites, shopping, eating and hotels. Probably not the most comprehensive guide for those areas, but gives an idea of what's available. Not bad for a free guide. I enjoyed the pictures which gave me a feel of the city-state.

We recently went to Singapore. I bought this guide to prepare the trip. It was definitely really useful. It made my travel planning so easy. Generally speaking this range of travel books is good. I've used them before for another destination (London), and that is why I bought this one about Singapore.

Easy and fast read to plan trip. Contents very well organized. Very detailed maps, especially if you have a smart device to travel with. Only thing lacking is restaurant suggestions.

Practical guide with highly usable information. A good basic guide for my January four-day stopover in Singapore this coming year. Been there before, but this gives updated info with good transportation guidance.

This book was easy to navigate & gave a great discription & detail of things to see & how to get there. A great companion to have.

I read Wynn's book on Hong Kong and got this because he did such a great job with that book. If I can actually get together our trip to Southeast Asia, now I don't see how I can be in that part of the world without taking in Singapore. True to form for these great guides, the interactive links to sources outside the book are a significant part of the value. Being able to click on a link in your travel guide with it up on your smart phone and have it go into GPS navigation is awesome. It connects your travel guide to the real practice of getting to your point of interest or hotel or whatever. I like this because it keeps the travel guide relevant in the event that the linked site is updated. Incredibly important and absolutely necessary to pay attention to is the section on what to take with you. Wynn writes from the authority of personal experience when he writes about how to make sure your smart phone works, ensuring your currency is converted, getting through customs, and managing airports and transportation. Pay attention and take heed. Having traveled abroad, I can assure the reader and first-time traveler that these are the things you don't mess around with because it can make the difference between an excellent trip and a miserable one. Even if you use other travel guides, definitely go with One-Two-Go. You'll be thanking Michael Wynn.

I do like this eBook because it tells you pretty much what to do during your stay Singapore. Explained me where to go for accommodation, Bars, Sightseeing and shopping which was what I was looking for in Singapore. Pro: Straight forward newcomer Tips including Customs, Airport to Hotel Transfers, Sim Cards, Shopping / Sightseeing, rooftop Bars (don't miss!!!). It's all written in an entertaining style. I also used the online maps which is a cool feature in eBooksCon: If you stay longer than a week or two you will need a more detailed book like a lonely planet in addition. I would still recommend this one to get a good introduction.
