## Synopsis

The school notebook that you have been looking for! Like no other!, this school single subject notebook comes with all these wonderful features; The distinct cover design of chalkboard with lettering of school subjects lets you organize and identify the notebooks of each subject easier. Plus, matte laminated finish helps repel liquid and toughens the paperback cover, so your notebook will stay with you longer, through the semester and beyond! The perfect size of 8.5 x 11" (close to the size of an A4 paper) provides you ample space to take note on what you learn, and also accommodates well any inserts you might have from your studies. This book can be tucked easily in any school bags that accommodate general A4 paper. 120 non-perforated lined pages on the paper that is thicker than general notebooks. The book can therefore be used with more variety of pens, giving you the ability to design your note-taking with your own taste. (Extra blank sheets may still be required in case of using it with some marker pens.) The lines are in light grey which can guide your writing perfectly, while they are easier on your eyes and less distracting when you read. The space between each line is 0.34 inches, which is in accordance with the Wide Ruled standardized formats of ruled papers. The pages of this notebook are therefore easier to be written on and reread later. They are also friendly to younger writers/students, or those who have larger handwriting. Two-inch space near the spine on every page has been reserved to be blank for your possible drawing of study illustrations, taking side notes, or simply scribbling! The reserved space also allows you to always write on flat surface (in the lined areas). Every page comes with its page number, so you can optionally have the first page be the Table of Contents page for the notebook. The Table of Contents would be very helpful when you look for some notes inside the notebook, especially the ones that you wrote some long time ago. Moreover, it gives you the ability to plan and write in chapters or take sequential notes. The book industry perfect binding with spine (the same standard binding as most paperbacks in your library) allows this notebook to be put on shelf neatly alongside other books that you have. This book comes with the spine text that reads "Language Arts Notebook" and the space thereon that you can write your own notebook volume number, so, once you use up one book, you can continue on the next and develop a series of your own subject notebooks that can be stored on shelf together, chronologically, and looked up later in no time!
