Oops! (A Diaper David Book)

Synopsis

Oops! Did somebody make a mess?! Join David as he finds himself in a few sticky situations, and learn his five favorite words along the way. From throwing a ball to riding a tricycle to taking a bath, David sometimes has a little too much fun. But he knows there's nothing better than cuddling with Mama at the end of a busy and exciting day. With the same irresistible humor and vibrant style as his award-winning No, David! books, David Shannon takes us back to the "early years" of his most beloved character. Perfect for beginning readers as well as for the youngest children!

Book Information

Lexile Measure: 10 (What's this?)

Board book: 12 pages

Publisher: Blue Sky Press (February 1, 2005)

Language: English

ISBN-10: 0439688825

ISBN-13: 978-0439688826

Grade Level: Preschool - Kindergarten

Customer Reviews

David Shannon is the internationally acclaimed creator of more than thirty picture books, including No, David!, a Caldecott Honor Book and his second New York Times Best Illustrated Book of the Year, and three more David picture books. Shannon's bestsellers include A Bad Case of Stripes, Duck on a Bike, and Too Many Toys! He lives in California with his family.

Funny, but not as good as the original series. My toddler likes the weird illustrations though.

My 17 month old boy LOVES these books - belly laughing, pointing, smiling, babbling as we read together. The negative reviews seem to be from an adult's perspective only and not based on their

baby's reaction to the books. Yes the drawings are a bit odd, but not to my toddler. And if those weird drawings get him excited about reading, then so be it! And yes, the books are extremely simple but these are meant for VERY young children. He likes to turn the page within 3 seconds, so 2 words total is perfect at this age. In my opinion, it's as though the author was able to climb inside the mind of a baby somehow and create the perfect book. (And P.S. David and his cute little antics are a pretty darn good representation of a typical baby/toddler boy. :-))

my daughter loves this book! one of her new favorites! for being used the book was in pretty good shape!

The David book series is a big hit in my preschool classroom. The children love "helping" David make better choices by telling him what to do.

Got this for my 18 month old for Christmas and she really likes this book. It's simple, but with words and pictures she can relate to and recognize. And we can talk about what is happening in the pictures.

David Shannon is one of our favorite authors. Oops and Oh David! Are great books for babies and toddlers

My grandchildren love the David Shannon books. I already had several of the books, but not Oops. I looked at the few stores around here that had books, but was unable to find Oops. Therefore I went online. The price was good, but by the time you add shipping and handling you spend more than it would cost you at a bookstore. The kids were so glad to get it. I have read it many, many times to a two year old and a six year old.

Great book, great quality!
