# Values Of Beauty: Historical Essays In Aesthetics

## Synopsis

Values of Beauty covers major ideas and figures in the history of aesthetics, from the beginning of the eighteenth century to the end of the twentieth century. All of the essays emphasize the complexity, rather than isolation of our aesthetic experience of both nature and art. They also reveal the interconnection of aesthetic values, such as beauty and sublimity, as well as prudential and moral values. Paul Guyer emphasizes the idea of the freedom of the imagination as the key to both artistic creation and aesthetic experience.

## Book Information

Paperback: 382 pages

## Customer Reviews

'The author's attentive critique of Kant's position on the aesthetic experience of the ugly introduces a core motif sounding throughout the book ... Guyer's book demonstrates his ability to discuss elusive ideas and impenetrable Kantian passages in a fluid and lucid prose. ... I warmly recommend Values of Beauty for those desiring to deepen their understanding of Kant and his legacy in the history of modern aesthetics.' Philosophical Writings

Values of Beauty discusses major ideas and figures in the history of aesthetics from the beginning of the eighteenth century to the end of the twentieth century. All of the essays emphasize the complexity rather than isolation of our aesthetic experience of both nature and art; and the interconnection of aesthetic values such as beauty and sublimity on the one hand, and prudential and moral values on the other. Guyer emphasizes the idea of the freedom of the imagination as the

key to both artistic creation and aesthetic experience.
