## Customer Reviews

Just changing out the series to 1 format from tape to cd. I would recommend this series to all especially in these times.

Awesome!

The Left-Behind series are amazing works of art. This volume is no different. You will be drawn into the story line and may say or do things that are out of place in reality (wherever that is). I had to limit my listening time, lest I overdose on the chapters/episodes. Really good if you think you have limited time to read, but you will most likely find that you stop what you were doing and just listen. The Best Drama Your Ears Will Ever See!
