# Trap The Devil: Dewey Andreas, Book 7

## Synopsis

A group of some of the most powerful people in the government, the military, and the private sector has begun a brutal plan to quietly take over the reins of the US government. They've begun to remove the people who stand in their way - and replace them with their own sympathizers and puppets. They've already taken out the Speaker of the House - whose death was made to look like an accidental drowning - and the president and vice president are next. Once they have their own people in place, they plan to start a bloody, brutal war on an unimaginable scale. On restricted duty while he recovers from injuries incurred on a previous mission, Dewey Andreas is sent to Paris by CIA director Hector Calibrisi. The Secretary of State is going there for secret talks, and Dewey is to be an extra layer of security above the State Department team. But what should be an easy mission couldn't go more wrong. The cabal has sent in a hit man to take out the Secretary of State and lay the blame for this murder at the feet of Dewey himself. With the Secretary of State dead, shot by Dewey's weapon, Dewey is on the run and out in the cold, desperately trying to unravel the plot before the conspirators succeed in killing millions of innocents.

## Customer Reviews

Unfortunately this book stretched the bounds of even the most preposterous action novels. I was waiting for one of Dewey's disguises to be a cowl and a cape. This coupled with the obvious editorial errors like the bad guy who filled a pack with 8 gauge shotgun shells and then the

statement that his favorite weapon was a 12 gauge shotgun. Also Dewey's target shooting session when he put 7 shots in the same hole of a target set at 200 yards firing a Colt M1911A1 .45 caliber semi auto pistol. This accuracy at this distance is virtually impossible for any handgun. More so for the .45 which is a big, heavy and relatively slow bullet. At 200 yards given its ballistics this would be like lobbing in an artillery round. A totally ridiculous feat of marksmanship even for someone of Dewey's supposed expertise. A totally unnecessary exaggeration. These are just a few examples of either bad research or bad editing that ruins what could have been a pretty good tale . I've read all of this series and have seen the transition of Dewey Andreas from hero to superhero. It has reached the end for me as I won't read another.

While I have thoroughly enjoyed the Dewey Andreas stories I've read, I was doubtful when I started this one. Mostly because It seemed as if the bad guys couldn't lose, like they had someone inside who was feeding them information. Plus the French DGSI arresting Dewey. However I couldn't put it down once I got into it. Great read, ready for more Dewey Andreas stories.

I love this! Dewey is THE American hero...a bit damaged but always willing to stand up for what's right, no matter what it takes. The plot to this story had me up really late, trying to finish...but I had to wait until the next morning to find out how everything ended...and then start counting the days until he's back! Enjoy this book, people!

Once again Coen takes you for a wild ride. In the style of Red October you bounce back and forth. That doesn't hurt the story at all, it just makes it more entertaining. As in each of Coen's previous books the story hooks you and will not let go. And like most of his fans you will be left begging for his next book.

Nice read, in line with the other Andreas novels. Good story, well told, with one caveat; The grand finale seemed to happen anticlimactically. The rest of the book was nicely fleshed out, rhythmically delivered, but I felt like the author had somewhere to be and wrapped it up too quickly & abruptly.

This book was as Jason Bourne clone. It has all the necessary elements; non-stop action, a cast of characters that changed at every turn of the page, and unbelievable stunts that were described in the most vivid detail. Definitely a thriller from start to finish, and highly recommended.

Could not put it down! Read in 1 day. Somebody needs to buy the movie rights ro these books. Thanks to the real men and women who work everyday to protect us from the evil that is in this troubled world.

Dewey takes on some new complexities in this latest installment and he continues to be a terrific protagonist who the reader always roots for personally and professionally. Love the complicated plot and twists along the way and can't wait to see what happens next.
