Field Guide To The Amphibians And Reptiles Of Britain And Europe (Helm Field Guides)

Synopsis

The taxonomy and systematics of European reptiles and amphibians have changed a lot in recent years, yet there is no modern, up-to-date field guide available that comprehensively covers all the species. The last illustrated field guide to European reptiles and amphibians was first published 38 years ago, and remains outdated despite occasional reprints and new editions. This major new field guide addresses this deficiency. Every species will be covered in detail with a focus on identification and geographical variation; species texts also cover distribution, habitat and behavior. A detailed up-to-date map is also included for each species. Superb color illustrations by talented artist Ilian Velikov depict every species and all major variations, and color photographs are also included for most species. This groundbreaking new guide will become the definitive field reference for these two groups of animals.

Book Information

Series: Helm Field Guides

Paperback: 432 pages

Publisher: Christopher Helm (August 30, 2016)

Language: English

ISBN-10: 1408154595

ISBN-13: 978-1408154595

Product Dimensions: 5.4 x 23.8 x 8.6 inches

Shipping Weight: 1.5 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #1,538,275 in Books (See Top 100 in Books) #52 in Books > Science & Math > Biological Sciences > Zoology > Amphibians #112 in Books > Science & Math > Biological Sciences > Zoology > Reptiles #433 in Books > Science & Math > Biological Sciences > Animals > Reptiles & Amphibians

Customer Reviews

This new, well-written, superbly illustrated book sets the new standard ... buy it to take to Europe alongside your bird, butterfly and wildflower guides -- Howard Inns British Wildlife

Jeroen Speybroeck holds a PhD in biology and works at the Research Institute for Nature and Forest (INBO) in Belgium. Wouter Beukema is a Dutch herpetologist focusing on biogeography, evolutionary ecology and conservation. Bobby Bok teaches biology to teenagers and dedicates his

free time to travelling through Europe in search of amphibians and reptiles. Jan Van Der Voort is a Belgian civil servant whose quest for many years has been to photograph all the species of European amphibians and reptiles. Ilian Velikov is a Bulgarian-born artist living and working in London. Since an early age he has had a keen interest in nature and wildlife, and especially reptiles and amphibians.

Wonderful herp guide for Europe. Highly recommended!

Serves my needs.
