# F.N.G.: Freaking New Guy

## Synopsis

Out of a commercial plane, now loading into a military C-130. Webbed seats, most uncomfortable thing I ever did sit in. Lots of young, clean, and fresh faces of boys from who knows where. We didn't talk. I wonder why? We're all going to a place called An Khe, headquarters, 4th Infantry Division, in country, central highlands, Don't have a clue where that is, but the Fourth I knew to be greatly involved in the second world war. And I don't care. I didn't volunteer for this, I was drafted, remember? Lucky me.

## Book Information

## Customer Reviews

To start, Robert himself shared his books existence with me, and I am someone who would call Robert a friend, as such I might be a bit biased in his favor. This book is a faster paced book, and reveals some of Roberts story from his time in Vietnam, it's not necessarily dark, but it also shoots pretty straight about his feelings, thoughts, and experiences while in country. I am willing to recommend this book to anyone, because it shows what our veterans are going through, and what war imparts on the men that wage it for our country.

Brother Thacker nailed it! Hell has many faces, many location, many names. No matter what it's called or where it is located, HE will be there with you to bring you home... look for zHim.

Great book...Love it...

I had the good fortune to meet the author as we live in the same city. We had a short discussion and he told me about his book. I was intrigued because my father was also a Vietnam Vet. My father, according to my mom, was never the same. He would never talk about his time. Now he is gone. This book is a very real insight to what this soldier thought and felt from being drafted through his tour. It is not graphic but doesn't need to be. You get a quick glimpse of how quickly a person can change and the extent one will go to protect ourselves when forced into situations beyond our control. This is just a glimpse. I know more is coming. I hope it will help others. No one deserves to be trapped within themselves after living through harsh circumstances.

This is a sad tale. What makes it that way is the fact that it could have been told by so many who experienced the Vietnam war, any WAR. Short book, important book! The lives of men and woman sacrificed so that we can remain free. Thank you to all who suffered. You are all truly heroes!

Just O.K. nothing great

Great book! Really opens your eyes to the things that our troops had to experience in Vietnam. Highly recommend!
