# Conversational Spanish - The Beginner Collection: Course One, Lessons 1-5

## Synopsis

The Conversational Spanish audio series complements beginner Spanish learning programs, and works by improving listening comprehension, vocabulary, pronunciation, and grammatical skills through listen-and-repeat style active learning sessions. Basic familiarity with elementary Spanish is recommended for best results. Designed for self-taught language learners, Fluent Penguin picks up where Pimsleur™ and Rosetta Stone™ leave off. By exposing you to a wide variety of translated conversations in everyday situations, Fluent Penguin builds your vocabulary and intuitive recognition of grammar, sentence structure, and idiomatic phrases. Modeled after the proven and effective Pimsleur™ method of language learning, Fluent Penguin conversational collections employ context-driven recall techniques to help you anchor new vocabulary and phrases to the situations in which you will use them. All lessons are in audio format, and use subtle repetition and meaningful associations to maximize retention of new information. Each collection consists of conversations about common topics, ranging from work scenarios to current events, to leisure activities and travel. Each statement in a conversation is first narrated in English, then spoken by native voice actors in a variety of Spanish accents. Time is provided after each statement for you to repeat aloud and hone your pronunciation.
