## Customer Reviews

I have to admit I haven't tried any of the recipes, mostly because I don't have an oven or a stove, but the formatting and style of this book are probably the best I've ever seen. The use of pictures, etc. just works superbly for me, and I didn't even mark any mistakes. It's just an exemplary example of the genre, in my opinion, and I enjoyed it very, very much. MOST highly recommended!!
