Customer Reviews

This is a really gorgeous coloring book with thick pages that don't bleed through with gel pens. It's become one of my favorites!

I love it! The pictures are unusual and the background is black. I think that will really make the colors

in the picture pop! I can't wait to get started. I want to order more books by this artist.

This book has some of the best pics!!!! The pages are med thick but I always use a clipboard behind the pics I'm coloring. I use wax pencils and gel pens. I have found that I LOVE black backgrounds. I want to buy all Papeterie Bleu's books. I'm submitting two pics, both not finished but I just wanted you to kinda see what I'm talking about ...

This adult coloring book is nice. The pages have a nice weight to them, which helps prevent color seepage if you choose to use markers or pens. The designs are intricate and bold, very entertaining. Due to the intricate details crayons are not ideal. The pages cry for rich, vibrant, colors. I would recommend this to others. In the interest of full disclosure, I received a discount on this product in exchange for my honest unbiased opinion.

I received this coloring book and noticed that it is very well made. It is different than any of my other coloring books. It is very Arts. Something that I am not used too. I do like it though. The black backgrounds really make the color of my gel pens pop.

Gift for friend

Colors pop off the black. But the designs are childlike. Good of kids, not for adults.

Just got this last night and we love it. Kids and I are all using it. Pics are great . This is great for all age groups and both male and female. Love it. Received this product at a reduced price for my honest opinion.
