ISBN-13: 978-0394748238

Package Dimensions: 9.9 x 7.1 x 0.4 inches

Shipping Weight: 12 ounces

Average Customer Review: 4.8 out of 5 stars 10 customer reviews

Best Sellers Rank: #510,706 in Books (See Top 100 in Books) #257 in Books > History > Military > Weapons & Warfare > Nuclear #341 in Books > Arts & Photography > Photography & Video > Military History #4330 in Books > History > Military > World War II

Customer Reviews

Text: English, Japanese (translation) --This text refers to an out of print or unavailable edition of this title.

This book is as unforgettable as the title suggests. It is a first person account of many survivors of the awful day when an atomic bomb was dropped on Hiroshima. These survivors tell -- in their own words and their own drawings -- of the horrors they saw and experienced. This is another holocaust -- a story of death, destruction, pain, grief, loss, of desperate people doing what they can to survive. to help others. They survived -- and that is all the happy ending that you get. You don't get to learn about what happened to each of them later in their lives. All you get is the pain and the shock of that experience. It is the burning-flesh reminder that this is what Atomic War is.

I have been a Nuclear Weapon Specialist/Engineer for many years. As part of my job I have been called upon to try to explain what the effects of these weapons would be if they were used. I try to tell them that there are no winners should these weapons ever been used on the scale which they have been built. This book is the best evidence I could ever provide to that end, I know the policy of having them has been in to prevent others from using theirs. I only wish all those who possess them would read this book and get rid of them all. I'm probably the only guy in America who wants to lose

his job forever.

It is difficult to say one 'likes' drawings done by survivors of the Hiroshima bomb 30 years after. That said, the horrific weight of the images can not be denied. Many of the 'artists' have moved on, but these drawings/watercolors/pictures are a sad and fitting legacy to them and the eye witness imprints left by the first of two historic nuclear bombings of civilian targets

Amazing, heart rending. I saw the originals when I was in Hiroshima and always regretted not buying the book at the Hiroshima museum so I was very excited to acquire a copy for a great price. My students are really inspired by the drawings.

Very powerful! A strong companion for Hersey's Hiroshima and also Black Rain. I was glad this classic is still available, especially since there are still many who are unaware of the humanitarian catastrophe of bombing civilians.

The most haunting account of the dropping of the atomic bombs. The images will make any reader confront the horrors faced by the Japanese that day.

I read this book in the 1970s. Was inspired to get a copy after listening to U2 Unforgettable Fire.

A gift, truly extraordinary moving
