Customer Reviews

I love the lonely planet books. The pocket size is small and will be easy to bring with me when i travel. It includes a pull out map of the city and has a "survival guide" in the back that gives you the dos and don'ts as well as other essential information. The book is separated by neighborhoods in the city and starts with the top sights in each. It gives a small description as well as address, phone number, and average cost. There are also tips scattered throughout each section too.

Great short version to be able to carry around the city

Hope this book will help make my visit to Dubai soon go much better.

Great

It's a very complete and useful book for travelers, I think it will help me a lot during my trip! I'm a happy client :)

good guide for site seeing and cultures

Very helpful

It is a pocket version so I wasn't expecting it to be as informative as the complete book however I don't think that it is worth the money. Very disappointed
