I loved this story as a child and bought this book for my daughter. Sadly it is not the original story but instead an embellished "re-told" version that is just longer and clunkier, not better.

I'm pretty sure this version differs the original red hen story. The vocabulary is more complex in this version than the one I'm familiar with (which I've come across in many classrooms over the years). Way over my students' heads. Ended up buying a different version

I purchased this book because I enjoyed it going up and I read it to my children. Now I'm a grandma and decided to start reading to my grandchildren and they love it, what surprised me the most is the price of this used (NEW) book, it wasn't used at all and I was able to personalize this book with their names in it so now they smile saying read my book. This was one of many books I've purchased and love so much. I have recommended this to my children for home collections. Even their cheap selves can afford this. Thank you so much

Just as I remember it when I was a child. We recently had a baby shower for my daughter and the invitation requested a favorite childhood story be given and signed in place of a card. She received a nice selection of older classic stories, as well as, several newer titles. It was a lovely idea and she now has a great start on a home library for our grandson!

This story has a simple moral. You reap the fruit of your efforts. It is straightforward, yet the story is entertaining. The illustrations are great and this book is a must have for all toddler libraries. The point is driven home by the repetition of "not I" by the various animals when they are asked by the hen to help her plant the wheat. This was one of my favorite books as a child and will be a favorite of my children too.

I loved this book as a kid as it has such a deep message that I gave it to my daughter for a college graduation present! The moral of the story is deep and true!

Read this to my granddaughter all the time & she loves & asks for it all the time. Even though she's only 2 years old, she understands the moral of not helping out means you don't get to enjoy the benefits of the bounty. She also likes the steps that The Little Red Hen has to go through to make the bread, & she helps me make cakes & sometimes the old fashioned way of bread - and she

always wants to help & not be LAZY!

This needs to be read by every child, at every age, in every school and home...! Great Book...!
