Eggs Baked in Avocado Serves 1 This is becoming a bit of a signature dish for me. I've posted it a few times, and I love seeing people make it at home and share it on Instagram. It contains more healthy fats than you can shake a stick at. ..Oh, and it's got bacon too, so you know it's going to taste as good as it looks. Method Preheat the broiler to high, then lay the bacon on the broiler pan or a baking sheet and slide underneath. Broil for 3 minutes on each side. Meanwhile, cut your avocado in half, remove the pit and scoop out a generous tablespoon of flesh from each half to create a hole big enough for the egg. No need to waste the leftover avocado—you can save it to make some guacamole or just eat it on the spot! Crack an egg into each avocado half, season with a little salt and pepper and place on a microwaveable plate. Cook the eggs in 30-second bursts for 2 minutes—this should ensure firm whites, but runny yolks. Serve up the baked eggs and avocado with the bacon and a scattering of chile. Top Tip To stop the avocados rocking on the plate, slice off a little bit underneath to make a flat base. Here's What You Need: 4 slices Canadian bacon 1 ripe avocado 2 eggs Salt and pepper 1 red chile, finely sliced—remove the seeds if you don't like it hot

“Hunky nutritionist loved by Ellie Goulding finds fame on Instagram thanks to healthy 15-minute meals and quirk work-outs.” (Daily Mail (UK)) “It's perfect if you're looking for a combination of food and fitness inspiration.” (Harper's Bazaar)

This cookbook is amazing! Some of the wording is different from what we use in here in the States, so I had to google what some of the words meant like "rockets" which is really arugula and "courgette" is zucchini. Also, I had to google measurements because everything is in grams or ml instead of cups. In all, this cookbook is great for me because it gives me healthy food ideas and its 15 minutes or less which is awesome. The food is so tasty I feel like I'm cheating at times. He also has HIIT workouts to do, which, he also has the same workout on his youtube channel that you can follow along that's only 20 min. I've only been on it for 5 days so far and I've lost 4 lbs! Everything I've cooked so far is really tasty!

I tried some of the recipes here and they all have been really easy and quick to make. I haven't tried any of the recipes that require longer time (but he discloses that they take longer than 15 minutes). The flavor is great and ingredients are easy to find and healthy. Great for taking lunches to work. I do other workouts, so I'm not following his program, but this is great helpful eating guide for a general healthy lifestyle.

Great recipes! Good portion sizes. Only a few take longer than 15 minutes start to finish, but they are well worth the wait! I love the blank training/eating schedule page in the back--I made a few copies and plan in advance.. Easy Peasy!

My wife and I have tried several meals from the book and so far we are very pleased. Many of the food combinations are new to us and not something we would have normally used, but the book is helping us to explore more varieties of food that taste good and are healthy!

Everyone should have a copy of this book very helpful and so much better than trying to "diet" on your own! This is a lifestyle change and I'm so much more knowledgeable on carbs and fats and what should be eaten and when. Def. A must have for beginners trying to get healthy and for advance people trying to maintain a healthy lifestyle.

Wonderful book! Great recipes. Useful tips. Easy reading - very useful reference. A terrific value.

Heartily recommended.

Surprising quantity & variety of recipes! & the work out plan is actually realistic. I would recommend this to anyone looking for a healthy lifestyle & not just another fad diet!

I bought this book for my soon to be colleague boy. He is thrill to use it and stay lean during colleague years.
